ST. JOHN, N. B., MAY 21, 1910.

A BATTLE IN THE NORTH SEA

St. John's old acquaintance Prince Louis of Battenberg, who was here with the cruiser squadron a few years ago and was a very popular visitor, has been distinguished himself in the North Sea. It is probable that the British Admiralty is puzzled, if not startled, by his exploit.

his name, is president of the Japanese House of Peers. When he arrived in Chicago the hardened newspaper men of the Windy City fell upon him with their accustomed vigor and confidence, expecting to squeeze him dry of information in a twinkling.

Lord Robert's forces in the advance on Pretoria, and from that was advanced the command of the left wing. During the remainder of the war he was quite prominent and did much in the cleaning up that occurred during the last few months.

SIR JOHN FRENCH

Still on the sunny side of sixty, Sir John Denton Plingstone French, K. C. M. G., G. C. V. O., Inspector General of the Forces, who is to come to St. John to inspect the troops on June 11, has seen a deal of war, and his reputation came to full flower with the relief of Kimberley.

MR. GRIMMER AND PULWOOD

There is printed on another page of today's Telegraph an article from the "Paper Mill and Wood Pulp News," in which Hon. W. C. H. Grimmer, New Brunswick's Surveyor General, is quoted as saying his government does not propose to follow Quebec's example in prohibiting the export of pulpwood cut on Crown lands.

AN EDITOR ON NEWSPAPERS
There is so much criticism of the newspapers by men who are unfamiliar with the whole subject, it is both refreshing and inspiring to read—

There is so much criticism of the newspapers by men who are unfamiliar with the whole subject, it is both refreshing and inspiring to read—as it much has been no small privilege to have heard—Colonel Henry Waterston's address of last evening at the dinner of the Canadian Publishers' Association in Toronto.

THE GREEKS, BEARING GIFTS

While Canadian Boards of Trade and Chambers of Commerce are passing resolutions declaring against reciprocity with the United States—because they wish to keep the home market for the home manufacturer—our American friends are showing more and more evidence of a desire and determination to seek better trade terms with this country, hoping to open up its markets to their manufacturers.

THE LATEST FROM KIPLING

Rudyard Kipling's verses on Edward the Peace-maker, which come in The Telegraph by cable, shine by comparison with those of the poet Laureate which were printed day or two after the King's death—but read even in a sympathetic hour, they lack the deep, organ-toned note of the Recessional. In form and in spirit, these verses, powerful as the thought is in some lines, fall fully to meet the occasion.

MANY ADVERTISEMENTS
Some employ professional "boomers." Nearly all seek new, or improved lines of transportation by land or water, or by both, where, as in St. John's case, the sea is at hand.

NOTE AND COMMENT

There is a familiar warning against yelling before we are out of the woods—but at daylight this morning it seemed that this old earth was spinning along through the heavens as merrily as ever.

MOMENTS WITH MARCUS AURELIUS

Whatever my neighbor may do or say, it is my duty to remain good; much as were a piece of gold, or an emerald, or a diamond, to take for itself its motto: "Whatever man may say or do, my part is to be myself, and retain my color."

PURIFIED HIS BLOOD

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ontario, is to purify the blood. He writes: "For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. A little number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results."

Practically everybody in Prescott County, Ontario, knows of Mr. James Proudfoot. He was born over 70 years ago on the farm where he lives today.

A SONG OF THE PLOUGH

Idle, comfortable, bare, The broad bleak acre lies; The ploughman guides the sharp ploughshare Steadily night.

MIRAMICHI DRIVES HAVING HARD TIME AND MAY BE HUNG UP

Chatham, N. B., May 18.—(Special.)—Driving conditions are still bad on the upper waters of the Miramichi, caused by logs getting upon the meadows and the marsh when the water was high, and no less more rain comes, some drives will be hung up all together.

PLUCKY RESCUE OF TWO BOYS FROM DROWNING

McAdam, N. B., May 18.—Quite a little excitement was caused today at the McAdam pond when E. R. Irvine made a plucky rescue of two boys who had been upset in a canoe. A heavy gust of wind had upset the canoe. Mr. Irvine, who was on the bank, happened to be on the platform, was able to pick them up after a hard paddle.

SHOE BOILS, CAPPED HOCK, BURSITIS

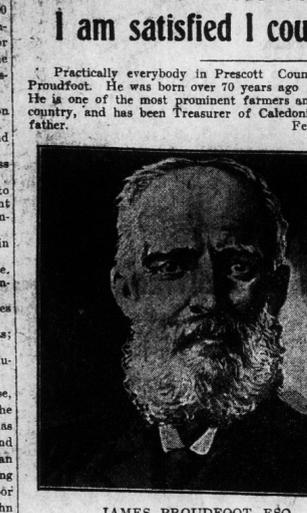

are bad to cure, yet ABSORBINE will remove them and leave no blisters. Does not blister or remove the hair. Cures any joint swelling. How to use: Rub on 2 to 3 times a day.

UNCLE WALT

I, musing, rested on the grass, beneath a bay green tree; a porker came, like Balaam's ass, and talked a while with me. She was a large and stately sow, of Poland China strain, and lines of A HOG'S CARE were on her brow.

A TERRIBLE SUFFERER FOR THIRTY-FIVE YEARS

Treasurer of Caledonia Township says "If it were not for FRUIT-A-TIVES, I am satisfied I could not live."

JAMES PROUDFOOT, ESQ.

Practically everybody in Prescott County, Ontario, knows of Mr. James Proudfoot. He was born over 70 years ago on the farm where he lives today.
