Newbury

The comedy play, "Shiny as Vassar," which took so well recently, was repeated on Saturday night to a full house and was pronounced as even better than the first time by many who attended the second time. The male choruses took well. Herbert Heathington, Thessville, delighted the people with his solos between acts. Should these young people get up another play a full house is assured. Proceeds over \$44. Total of both nights, \$105. After the expenses, a good sum will be left for the Patriotic Fund.

The members of Knox church choir presented Mrs. B. Eaton with an ebony hand mirror prior to her leaving for Toronto. Mrs. Eaton has been a valuable help in the choir and will be much missed. Although only here a short time, Mr. and Mrs. Eaton made many friends.

The Irish tea and concert given by the adult bible class of the Methodist church on the 17th was splendid in every particular. The hall was prettily decorated with green and white. The tables, too, had the same color scheme—brass candlesticks with green shades and shades, white and yellow tulips and daffodils with green, with the green jellies and green garishings on the white salads, and pretty white napkins with shamrock borders, all helped with the delicious cooking to make the tables a pretty picture. The waiters all wore white with green ties, adding to the effect. The splendid program was furnished by Wm. G. Gordon, of London, Rev. Mr. Lees, of Rodney, Miss Ella Jeffery, Miss Bertha Miller and Messrs. Kelly and Heatherington. The bible class deserves lots of credit for taking so much trouble and getting up such a fine tea and concert.

Miss V. Burchell, of Glencoe, spent the week-end with Miss M. Bayne.

Following is an extract from a letter received by Miss M. Graydon from L. Aldwell, president of the First National Bank, Sonora, Texas. Mr. Aldwell is one of our "old boys" who is faithful to the old town, as shown in the letter: "Dan has been sending me some papers from Glencoe, and I have been noticing your good work for the Red Cross Society, and suppose this is for the suffering Belgians and others. I was to send \$10, or intended to, to the British Society of Texas. I was appointed vice-president for this county, but concluded to send it to you to be used for the purposes that you think best for the suffering ones that have been brought to their condition by this uncalled-for war." Miss Graydon sent the \$10 on to Mrs. A. T. Edwards, secretary of the Red Cross Society in London.

SHEPHERD.

Shepherd, Mar. 1.—Maple syrup's selling for one to two dollars a gallon. Depends, of course, who buys.

Good fishing these days—only there's no fish. We'd like to know why someone don't kick a hole through that Florence dam, big enough to let a pollywog up, anyway.

Worms in children work havoc. These pests attack the tender lining of the intestines and, if left to pursue their ravages undisturbed, will ultimately perforate the wall, because these worms are of the hook variety that cling to and feed upon interior surfaces. Miller's Worm Powders will not only exterminate these worms, of whatever variety, but will serve to repair the injury they have done.

TO THE PANAMA EXPOSITION VIA THE CANADIAN ROCKIES.

At the present time a great many are planning their annual tour. Considerable numbers visit the popular California resorts, while many prefer the unsurpassed resorts, palatial hotels and magnificent scenery of the Canadian Rockies. This year why not combine the two by a visit to the Panama Pacific Exposition?

Numerous people in comfortable circumstances, well able to afford a trip have the mistaken idea that a journey of this nature is most expensive.

This is not so; thanks to modern railway facilities, an extensive trip, both interesting and educational, can be made with speed and comfort at a comparatively small cost. Why not investigate?

Those contemplating a trip of any nature will receive full information from any C. P. R. agent; or write M. G. Murphy, district passenger agent, Toronto.

KILMARTIN.

Rev. Dr. Smith, of Burns' church, and Rev. A. U. Campbell, of Appin, exchanged pulpits Sunday evening.

Malcolm McIntyre and Archie Burke, who have been under medical treatment for the past week, are recovering.

Mr. Forsythe, assistant Middlesex representative of agriculture, called this week on a number of the schools in Mosa, Ekfrid and Metcalfe, with the result that the schools will unite in the holding of a school fair next fall.

The closing meeting of S. S. No. 17 literary society was held on Friday evening last, and was one of the best of the season. A large crowd listened attentively to a splendid programme.

A debate, "Resolved that the liquor traffic causes more destruction than war," was ably argued for the affirmative by Messrs. McIntyre and Graham, of Napier, and for the negative by Archie Leitch and Ward Leitch, of No. 17, and decided in favor of the affirmative. Vocal music was given by the Glencoe male quartette consisting

of Messrs. McKellar, Squire, McNaughton and Troyer; solos by Mr. Rumble and Allan Whitburn; piano selection by Miss McIlwain; violin music by Gordon McLachlan, Wm. McAlpine and McGill Bros.; a pleasing recitation by little Florence Mitchell, of Brooks, and a play by the young people of No. 17. The chair was occupied by D. N. Munroe. The programme was one of exceptional quality, and from the amount of enthusiasm we look for a splendid re-opening next fall.
