Heritage Lesson

The sands of the Sahara  
Its a symbol of the life of our ancestors.  
It bonds our lives to this  
We are Africans not because  
We are born in Africa,  
But Africa was born in us.  
Greatness is an African possibility  
Which could be yours  
If you freed yourself from mental slavery -  
Strive to acheive this Greatness  
Just as your forefathers did.  
Place your name in history by your deeds.  
May the face of the Great One shine on you.  
Press forward ever -  
May you live long.  
May you prosper.  
May you have good health!
