Sir:-

DEPT. OF INDIAN AFFAIRS

JUL 20 1924

S

I beg to refer you to your letter of the 30th of November, 1922, your file 23108-7 with reference to the change in the location of the old Valley Road in so far as it affects the S.E. $\frac{1}{4}$ of section 5, township 19, range 5, west of the 2nd meridian.

I am now forwarding under separate registered cover plan recorded in this department under No. 9347 which shows the road as resurveyed.

You will note that the acreage contained in the new survey is 2.64 acres and that the location of the road is practically the same as that shown upon the plan of the first survey which is recorded in the Department of the Interior under No. 11190, the acreage of which however is 2.30 acres.

Kindly advise this department the number under which the above mentioned plan, which I am forwarding, is recorded in your department, and if your department will be willing to exchange title for the land required for the resurveyed road in lieu of that contained in the old survey, and if so, if you will kindly have an Order in Council passed transferring to

The Secretary,

Department of Indian Affairs,
