Ottawa, 29th March, 1911.

Sir,

In reply to your letter of the 24th instant, I beg to say that the Department approves of your having had the Indian patient referred to, resident on the Restigouche Reserve, who developed smallpox, placed under quarantine.

You should endeavour to have the Indians consent to general vaccination. It is particularly desirable that the children should be vaccinated.

Your obedient servant,

Asst. Deputy &amp; Secretary

L. G. Pinault, Esq., M. B. S.

Campbellton, N. B.
