

the with my feet and receive in a minute if they are aware of any person seeing  
them with boats out of my head that and turns is the Principle thing they  
still or near they went to Doctor Powell when he was appointed  
Superintendent and wanted this land as they had Potato Patches on it and he  
told them that they should have it he never was on the land to my knowledge  
and he told the Provincial Government not to survey it for me at that time  
I had over sixty Hogs on it and it was the Cheap Run for my Cattle  
they were Beased on it I could not keep them of the Indians commenced  
then and killed of all my Hogs I could not catch them but I could  
hear their dogs killing them it is a narrow Peace of Flooded Land  
with some open Patches on it and a thick under Brush that nothing  
can be seen and ya cant get through it but with great labour in some  
Places it is only a few Steps from the one Stream to the other they only  
live on it on the Day and gas here at night with what they can catch  
if they had given them the Land on the other side of the Country where  
it is Government Land and better Land for Settling on no harm would  
be done I took a brother out from here and gave him Seventy five 75  
acres out of my 150 of the Provincial Government has charged me  
four and 5 Dollars a year for the Land and I hold the Papers for  
the Land I seem to get in trouble with Both Governments last April  
my Milk Cows and work oxen was turned out of my inclosed Land  
that I hold the Crown Grant for by the justices of the Peace and me put  
in Prison and 24 Hogs that I had feed over winter turned in the Bush I  
went to Victoria when they let me out and put it in the hands of a Lawyer and  
found and went secretly to the amount of 750 and spent 1000 of Dollars and it  
is not come into Court yet shall there is no justice for me
