DR. MACKAY'S SPECIFIC

For the Treatment OF ALCOHOLISM

Used in Connection with the Province of Quebec Probation System with Unvarying Success

The City Council of Montreal has endorsed this marvellous discovery. The Finance Committee of Montreal recently voted \$500 to defray the expense of placing the medicine in each of the city police stations, as prompt application of the treatment to bad cases will prevent the facilities continually occurring in the city.

No Sanatorium is required. The treatment can be taken at home. No special diet required. The desire to reform is simply necessary and spirits avoided for a few days.

This medicine is now within the reach of all, the price having been reduced. The wonderful results obtained with the worst cases of drunkards coming before the judges of the Quebec Court in Quebec and Montreal warrants the statement that the disease of Drunkenness can be cured—readily and surely—under ordinary circumstances and with reasonable desire upon the part of the inebriate.

This treatment is simply the medicine of the medical profession—the only secret as to its administration.

Dr. Mackay's discovery is the result of 25 years of practice as a specialist and expert. He is a member of the College of Physicians and Surgeons of the Province of Quebec.

The Government of Quebec through the Judges ordered over 600 boxes of the medicine for prisoners appearing in the Courts in 1904—Official Reports establish 80 per cent. of cures with these cases.

CONSULS IN CANADA

REPRESENTATIVES OF JAPAN AND RUSSIA IN THE DOMINION.

Sketches of Mr. Tatzuro Nosse, Consul-General of the Japanese Government, and of Mr. de Struve, the Consul-General of the Russian Government in Canada—Their Respective Colonies and Their Personal Habits.

The Japanese colony in Montreal is not quite large enough for celebrating purposes, writes E. K. S. in Toronto News. There are eleven of them all told, and they range from the distinguished diplomat who occupies the Consulate-General to a few of his fellow-subjects, who are acting as confidential servants to Montreal citizens, and they include the representatives of a couple of Japanese exporting houses, who are among Montreal's most intelligent business men. Under such circumstances it could hardly be said that there is any Japanese society in this city.

Curiously enough, the Russian Consul, who has thousands of subjects of his Imperial Majesty the Tsar within his territory, and several hundreds within a mile of his consulate, is in exactly the same position of social loneliness as the representative

SUPERIOR MERIT

Remarkable Curative Properties of a Remedy for Indigestion and Stomach Weakness.

Stuart's Dyspepsia Tablets, a preparation for the cure of dyspepsia and the various forms of indigestion and stomach trouble, owes its great success as a cure for these troubles to the fact that it is prepared for disease and weakness of the stomach and digestive organs only, and is not recommended or advised for any other disease.

It is not a cure-all, but for any stomach trouble it is undoubtedly the safest, most sensible remedy that can be advised with the prospect of a permanent cure. It is prepared in tablet form, pleasant to taste, composed of vegetable and fruit essences, pure pepsin and Golden Seal, every element of which act effectively in digesting the food eaten, thereby resting and invigorating the weak stomach; rest is nature's cure for any disease, but you cannot rest the stomach unless you put into it something that will do its work or assist in the digestion of food.

That is exactly what Stuart's Dyspepsia Tablets do, one grain of the digestive principle contained in them will digest 300 grains of meat, eggs or similar wholesome foods, which will digest the food whether the stomach is in working order or not, thereby nourishing the body and restoring the stomach at the same time, and rest and nourishment is nature's cure for any weakness.

In persons run down in flesh and appetite these tablets build up the strength and increase flesh, because they digest food-forming food which the weak stomach cannot do, they increase the flow of gastric juice and prevent fermentation, acidity and sour watery risings.

Stuart's Dyspepsia Tablets can be found at all drug stores at 50 cents per package.

Ends Life With Acid.

Toronto, March 13.—Despondent, Mrs. Agnell of 18 Gordon Street, on Thursday evening ended her life with carbolic acid. Deceased was 39 years of age and had been in ill-health for a long time. Twice before she had taken laudanum.

YOU ARE AILING.

Not quite sick—but robbed of ambition to work—find it hard to think of duty, and the only remedy is a remedy—Ferrozone—that quickly lifts that half dead feeling. Gracious, but Ferrozone makes you feel good; it sharpens the dull appetite, makes it keen as a star.

BLOOD? Ferrozone makes lots of it, the rich nourishing kind that vitalizes the whole body. You'll be wonderfully quickened, immensely strengthened, open heart and vigorous after using Ferrozone. Buoyant health, surplus vigor and reserve energy all come from this great restorative. Fifty cents buys a box of fifty tablets at all dealers.

Books and Books.

Professor York-Powell is a devout lover of books. We remember hearing him read paper to a society in Oxford which illustrated both this devotion and his pretty wit. Touching upon the dangers to their treasures against which book lovers should be on their guard, he denounced the irreverent treatment of books by womankind. A woman, he said, if she were interrupted in her reading and wanted not to lose the place she had reached, would put the book down, open her hand and drop it on the table or on the lawn or anywhere. Woman, in fact, was one of the great standing menaces to books. The other, by the way, was—insects.—London News.

What does it profit a woman if she gains the whole world of knowledge and lose her own health? Young people, in the school teachers, eager, ambitious, and full of energy, very often neglect their health in the struggle to gain education. They eat insufficient food, and at irregular hours, they allow irregularity of the womanly functions to be established, and the result is that they become chronic invalids with all their education practically worthless. There is a plain road back to health for such as these, marked by the feet of thousands. It is the use of Dr. Pierce's Golden Medical Discovery for diseases of the stomach and digestive and nutritive organs, and Dr. Pierce's Expectorant for diseases of the delicate organs of very manhood. A cure so certainly follows the use of these remedies that out of hundreds of thousands who have tried the treatment, ninety-eight in every hundred have been perfectly and permanently cured. Constipation, with its calamitous consequences, which is a common ailment of students, can be entirely cured by the use of Dr. Pierce's Pleasant Pellets.

When some men offer to bet the only thing they put up is a bluff.

Gentlemen,—Theodore Dorais, a customer of mine, was completely cured of rheumatism after five years of suffering, by the judicious use of MINARD'S LINIMENT.

The above facts can be verified by writing to him, to the Parish Priest or any of his neighbors.

Hamlet's Grave at Elsinore.

represented in a sitting posture with an open book before him and pen in hand.

According to Danish tradition, the scene of Hamlet's, or Amleth's, life has been definitely located at the Castle of Kronborg, Elsinore, the ramparts of which the ghost walked.

This castle is very ancient, but it is doubtful if it has been standing since the time of Prince Amleth, on whose life Shakespeare's creation is supposed to be founded.

For the castle is a garden that is called Hamlet's garden and is said by tradition to be the very spot where his father was killed.

In a corner of the garden is a rude pile of stones that is pointed out as Hamlet's grave. In sight of the castle walls in another spot of equal interest. It is the bed of the old stream where, tradition relates, Ophelia was drowned.
