My twenty years experience in the roofing business has convinced me that you take no chances with roofing backed up by J-M Responsibility.

*John E. Myers*  
Sussex, N. J.

Hundreds of folks in the southern tier of New York State and over the line in northern New Jersey know what John Myers stands for—and a lot of J-M Roofs up that way back him up, too.

### Your Roof Becomes Our Roof

when you cover your building with J-M Roofing and register that roof with us.

You may have a guarantee if you want one; but what value is a guarantee without responsibility behind it? Every foot of roofing we ever made was made not merely to sell but to serve. J-M Responsibility is not a policy. It is a principle.

J-M Responsibility gives this roofing service because our branches cover the country and our representatives are everywhere.

J-M Asbestos Roofings never need painting and last for years. Not only weather-proof but also fire-retardant. Sparks and flying brands will not ignite them.

J-M Asbestos Roofings are examined by Underwriters' Laboratories under the direction of the National Board of Fire Underwriters.

If every J-M roof owner will register his J-M Roof with us, we will see that that roof gives him full roofing service. Tell us what kind of building you have to roof and we will give you our experience with roofs of that kind.

## ANTHONY FENCE

A DOLLAR'S WORTH

FOR A DOLLAR

us know your requirements and we will submit you a price that is right.

THE ANTHONY WIRE FENCE COMPANY OF CANADA, LIMITED

WALKERVILLE, - ONTARIO

Live agents wanted in all unoccupied territory.

We make but one grade of fence and THAT is the BEST. It will pay you to investigate before placing your order.

The ANTHONY is made from a full gauge No. 9 wire of the best quality, (there are no light wires used in the construction of the Fence), as

The Line Wires are No. 9 Wire  
The Stay Wires are No. 9 Wire  
and The Knot Wires are No. 9 Wire

All No. 9 Wire  
Throughout

We are not giving a free excursion to Middlemen nor making you a present of a dollar for every dollar's worth of fence you buy from us, but we are giving you full dollar value for every dollar invested and a fence that will satisfy you for all time to come. Let us know your requirements and we will submit you a price that is right.

## International Harvester Wagons

MEN who build wagons of first grade quality, throughout, work for a reputation. To many buyers all wagons look alike, nor is it possible even for an expert always to pick the better wagon of the two after a wagon is put together and painted.

This is why a good reputation is a most valuable asset to a wagon. Their good reputation practically assures the buyer that he will get his money's worth in a Petrolia or Chatham wagon.

In order to keep the reputation of the Petrolia and Chatham wagons up to the point where it belongs, all wood used is carefully selected, and then air-dried under cover. The lumber dries for at least two years, most of it three years, some of it—particularly the pieces for the hubs, which receive special attention—even longer. Air-drying produces tough wagon lumber because the sap dries naturally with the wood and binds its fibres together. It is this right drying of good wood which gives Petrolia and Chatham wagons the qualities necessary to live up to their reputation.

I H C local agents can furnish you with catalogues giving a great deal of valuable information about these wagons. If you had rather get it direct from us, drop a card to the nearest branch house.

### Safe from the coming storm

Armco Roof, with conductor pipes properly grounded, makes the barn lightning proof. There's no danger of ripped-off roofing, shattered timber, destructive fire.

An Armco Roof is also a lasting roof because

## ARMCO IRON Resists Rust

Rust is the great enemy of metal roofing. Defeat rust and you have a lasting, economical roof. Armco—American Ingot—Iron resists rust not only because it is the purest iron made but because it is the most nearly perfect in respect to evenness and all the other qualities which are the basis of rust-resistance. Inspection is constant and severe. Bars and sheets with even the most minute defects are rigidly excluded. The superiority of Armco galvanizing alone results in a decidedly increased service life.

### "Iron Roofs that Resist Rust"

tells about all kinds of Armco Roofing. Send for it. If you can not get Armco Roofing from your hardware dealer or tinner write to us. Send coupon for the book, now. Do that today.

THE AMERICAN ROLLING MILL COMPANY, Box 613 Middletown, Ohio  
Licensed Manufacturers under Patents granted to The International Metal Products Company  
The Page-Woven Wire Fence Co., of Monaca, Pa., uses rust-resisting Armco Iron. Send to them for a catalogue.

The trade mark ARMCO carries with it the assurance that iron bearing that mark is manufactured by The American Rolling Mill Company, with the skill, intelligence and fidelity associated with its products, and hence can be depended upon to possess, in the highest degree, the most claimed for it.
