Thorncliffe Stock Farm, TORONTO.

Clydesdales--Hackneys.

A Few Choice Yearlings of Either Breed can be spared.

D. & O. SORBY,
GUELPH, ONT.

PLEASE MENTION FARMER'S ADVOCATE.

GOSSIP.

Mr. Robert Moorhouse, Cairo, Ont., has recently purchased from Mr. H. Cargill & Son, Cargill, Ont., and placed at the head of his herd of Shorthorns, the excellent imported red yearling bull, Palermo, bred by Mr. Longmore, Rettie, Banff, Scotland, and sired by Prince of Rettie, a first-prize winner at the Royal Northern, and highly commended at the Highland Society's Show.

H. Bollert, of the Maple Grove Stock Farm, Cassel, Ont., writes that the Holsteins are wintering well; the young stock is making splendid growth. The calves sired by Prince Pauline De Kol are coming as desired, nicely marked, fine, straight and square, of medium size and full of vigor. They should make remarkable ones, as their breeding is of the very best and cannot be surpassed in this country. The bulls which I offer in the BYOCATE are equally well bred. Among them is a full brother to the remarkable heifer, Tidy Abbecker De Kol, which I lately sold to Mr. Ford B. Wiltse, Athens, at seventeen months old. Before she was ever bred she came to milk, and gave as high as 36 lbs. in a day. She dropped her first calf at about thirty months old when two weeks in milk. Mr. Wiltse wrote that she was giving 5 1/2 lbs., the next day 5 3/4, and the next day, the morning he wrote, she gave two pounds more than the previous day, doing this without increase of feed. He thinks that he can easily make her give sixty pounds daily. Blood will tell, and it is a great pleasure to breed and sell such stock, and a profit to those who get some of them.

NETHER LEA STOCK FARM.

Mr. T. D. McCallum having purchased Nether Lea, the homestead farm at Danville, Quebec, has established herds of Ayrshire cattle and Berkshire and Yorkshire swine, and is also breeding choice rough-coated collie dogs. Mr. McCallum has had a large experience in breeding these classes of stock, and is reckoned a good judge. He intimates in his advertisement that he intends to make importations from Europe in the near future, and is open to receive orders for the importation of stock on commission, having good connections in England and Scotland. He is importing some Yorkshire sows in farrow, and has a number for sale in farrow to imported boars. He has also a number of young Berkshire sows for sale, due to farrow this spring, and will book orders for spring pigs from mature sows and by prizewinning boars. His Ayrshires comprise representatives of the most popular families. His breeding stock of collies was personally selected in Scotland, and his Perfection Queen is a daughter of the great Southport Perfection, champion of Scotland, sold for £1,005. His stud dog, Tosenath (imp.), was purchased on account of being from the best working strain seen in Scotland. See his advertisement.

OFFICIAL RECORDS OF HOLSTEIN-FRIESIAN COWS RECEIVED DURING FEBRUARY, 1901.

This class of records are made under the supervision of experiment stations by the scales and the Babcock test. All are for periods of one week. The equivalents of butter are calculated by the Superintendent of Advanced Registry. Thirty-six were received during this month. Several are very remarkable. Two exceed any heretofore made: A full-age cow produces 608.1 lbs. milk, containing 22.298 lbs. fat, equivalent to 27 lbs. 14 ozs. butter 80 per cent. fat, or 26 lbs. 0.2 ozs. 85.7 per cent. fat; a four-year-old 12 days after calving produces 653.4 lbs. milk, containing 22.589 lbs. fat, equivalent to 28 lbs. 3.8 ozs. butter 80 per cent. fat, or 26 lbs. 5.7 ozs. 85.7 per cent. fat. The latter is probably the largest, thoroughly substantiated record that has ever been made. Four cows in the four-year class average 186.5 lbs. milk, 18.753 lbs. fat, equivalent to 23 lbs. 7.1 ozs. butter 80 per cent. fat, or 21 lbs. 14.1 ozs. 85.7 per cent. fat.

Summarized:—Twelve full-age cows, average 7 years 1 month 25 days, 27 days after calving: Milk 430.7 lbs., butter-fat 14.218 lbs., equivalent butter 80 per cent. fat 17 lbs. 12.4 ozs., equivalent 85.7 per cent. fat 16 lbs. 9.4 ozs. Six four-year-olds, average 4 years 6 months 27 days, 19 days after calving: Milk 448.5 lbs., butter-fat 16.911 lbs., equivalent butter 80 per cent. fat 21 lbs. 2.8 ozs., equivalent 85.7 per cent. fat 19 lbs. 12.3 ozs. Eight three-year-olds, average 3 years 5 months 20 days, 27 days after calving: Milk 372 lbs., butter-fat 12.471 lbs., equivalent butter 80 per cent. fat 15 lbs. 9.4 ozs., equivalent 85.7 per cent. fat 14 lbs. 8.8 ozs. Ten, classed as two-year-olds, average 2 years 3 months 3 days, 41 days after calving: Milk 314.9 lbs., butter-fat 10.020 lbs., equivalent 80 per cent. fat 12 lbs. 8.4 ozs., equivalent 85.7 per cent. fat 11 lbs. 11 ozs.

The Horses that made Janesville Famous.

For twenty years past Janesville has been associated with all that was high-class in the line of horses, and the name of "GALBRAITH" is familiar as a household word to every horse breeder of any note on this continent. The undersigned respectfully invites an inspection of his present stock of

CLYDESDALES.

which are believed to be fully equal to the best ever maintained during the palmy days of the business. Ample size, superior breeding, great individuality, moderate prices, and the best of guarantees, are among the inducements offered buyers. An assortment of Percherons, Shires, Suffolks and Hackneys also on hand. The only place where the best of all the breeds can be compared alongside each other. Prominent prizewinners at the recent International Live Stock Show at Chicago. Send for catalogue.

ALEX. GALBRAITH, JANESVILLE, WISCONSIN.
