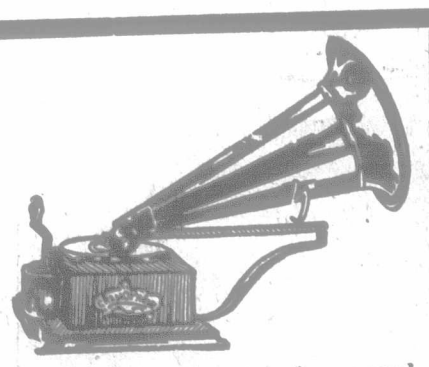
When You Buy a

BERLINER GRAM-O-PHONE



You buy an instrument that is guaranteed for five years; that is made in Canada, but has the seal of approval of the whole world as the only successful invention of its kind. Berliner Gram-o-phones are the only perfect reproducers of sound—vocal and instrumental. All other so-called "phones" are worthless imitations, generally offered "free," or as a part of some "scheme." Berliner Gram-o-phone Maroon Records have the "dog on the back" and are "maroon colored." Berliner Gram-o-phones are sold on an easier payment plan than any of the imitations—less than seven cents a day. Fill out Coupon and send it to us with one dollar, and you can get a Gram-o-phone and three Records of your own choice, and judge for yourself.

Cash Prices for Berliner Gram-o-phones, $15 to $45. These prices include 3 seven-inch Records of purchaser's choice. Full catalogue of Gram-o-phones and list of over 2,000 Records sent free on request.

Any style of Gram-o-phone sold on the Easy-payment Plan at a slight advance over cash prices, with option of paying in full at end of 30 days for spot cash price. Cut out Coupon and mail it to us.

The BERLINER GRAM-O-PHONE RECORDS (don't forget the dog on the back) are made specially for it by musicians who are masters of their instruments: Band and Orchestral selections, Choral Pieces by full choirs, including the famous Papal Choir. The Band selections have been made specially for the Gram-o-phone by the Coldstream Guards, the Grenadier Guards, Godfrey's, Sousa's (plays only for the Gram-o-phone), and other famous American and European Bands. Civil and Military, Instrumental Solos on Piano, Violin, Banjo, Mandolin, Cornet, Trombone, Bagpipes, Clarinet, Piccolo, Flute, etc. The latest Songs, as well as the old-time favorites, Religious, Patriotic and Sentimental airs, as well as Coon Songs, Minstrels and Comic Ditties. MELOTTE CREAM SEPARATORS

are easier to clean than any other. The thickly-enamelled surface of the bowl casing in sizes 1 to 5 is specially provided as being the easiest of all surfaces to clean. It should be noted also that the Melotte has neither a number of small tubes nor any long tubes, nor complicated device of any kind to be cleaned. The bowl itself is self-emptying, and every part of it is easily accessible to hand and cleaning cloth. In short, the Melotte is by far the easiest separator to clean and for close skimming is unexcelled.
