## Your Insurable Value

IS of the utmost importance. You only insure the unused portion of your life, and necessarily the older you are when buying Life Insurance the smaller the income you can leave your family or dependents, because the higher the premium rate, the less insurance protection you can afford to buy. Younger men, then, should begin early to buy insurance, when the proportion of their income available is large, and the premium rate is low.

Consider first—the maximum proportion of your salary or income available for Life Insurance purchases; and second, the minimum amount of income your wife and family should have, after your death. Then provide as large an amount as you can pay for. When you have taken out a life income policy in The Continental Life Insurance Company, you know exactly your liability for each year, and when you have met it no future, however dark, can find you unprepared, or take from you that peace of mind which is more than money. Talk to a Continental Life man about this to-day.

See your nearest Agent of the Company, or write to either of the undersigned at Head Office for full particulars, stating your age at nearest birthday.
