Holidaying in a Ford Car

Had you thought of the possibilities of this? It's a plan that hundreds of families are following this summer. It means a restful, pleasant way, without undue expense, and more than this—it's conservation. It's the conservation of railway facilities just when the government and the railways are most anxious for relief.

THINK OF IT

It is hard to imagine a more really enjoyable holiday than a motor trip. It means a trip of education, combined with the finest out-door pleasure imaginable. A trip that the whole family can

enjoy. Let us suggest the ideal way of Holidaying. Come in and talk over the plan. We have some good suggestions to offer you.

THE "FORD"

What more reliable or satisfactory car could you get than a Ford. Easy to fix — when they need it, and easy to drive. The Ford combines all the essentials necessary to the average man's needs of a car. The upkeep expense is practically nil. The gasoline consumption is the least per mile of any car made.
