SHAREHOLDER'S MEETING

Hantsport Advance

A meeting of the shareholders of the Hantsport Mining Company was held in Sweet's hall, Thursday night. Captain M. H. Martin and Mr. George D. Comstock were appointed chairman and secretary respectively. The secretary reported that though the town had not been canvassed at all thoroughly, 2860 shares towards the capital stock of the company had so far been subscribed. It was resolved that the words "metals" and "water" be included in the rules of incorporation of the company. Provisional directors were appointed as follows:—Messrs S. H. Mitchener, J. T. North, A. W. Pattison, Capt. D. T. Faulkner and M. H. Martin.

It was resolved that the directors constitute a committee to solicit further subscriptions for the company and report when considered necessary. The stock is being rapidly taken up, mostly by townspeople, who are very anxious to see the coal finds developed, realizing that if the finds are developed and coal is found of superior quality and large quantities, it will mean more business and prosperity to our town and the surrounding country. Let everyone who is desirous of seeing the work go on, subscribe to the list as presented by the committee or send to the members thereof. If signs are not very deceiving, we have almost a sure thing in a coal mine not far from Hantsport, which only requires a little means and enterprise to develop.

THE SUFFERINGS OF JOB

If the agonies of Job were any worse than the tortures or itching piles from which so many people are now suffering he had much to endure. The difference is that there is no reason for any one to endure the miseries of piles for a single day. Dr. Chase's Ointment has cured tens of thousands of cases and is absolutely guaranteed to cure each and every case of piles, 50 cents at all dealers or by mail from Edmondson, Bates & Co, Toronto.

INFANT MORTALITY

Many Deaths Largely Due to Ignorance on the Part of Mothers

The disorders of children seem to the rugged and hearty grown persons to be simple and not particularly dangerous.

This point of view on the part of parents has been the cause of the loss of thousands of baby lives.

You will always find that the mothers who are successful in bringing up families of hearty, happy children with scarcely a day's sickness, are always those who are careful to note the slightest evidence of illness and to check the difficulty at once.

They do not belong to the class of mothers that stupy their children with sleeping draughts and similar medicines containing opiate.

They stick to the purely vegetable, healthful medicines which cure infantile disorders quickly, and of these Baby's Own Tablets are the best of all.

For colic, simple fevers, croup, constipation, diarrhoea, irritation when teething, indigestion and sleeplessness, these tablets are a quick, effective, never failing cure. Dissolved in water the smallest baby will take them without the slightest objection. Do not tifle with medicines concerning which you know nothing when here is a time-tried remedy which is used constantly and with the best results in thousands of homes.

Mr. H. H. Fox, Orange Ridge Man., says:—I have found Baby's Own Tablets a perfect medicine for children of all ages and would not be without them in the house. They are truly a baby comfort and mother's friend. Baby's Own Tablets can be found at drug stores, or will be sent prepaid upon receipt of price, 25 cents, by addressing The Dr. Williams' Medicine Co., Dept. T., Brockville, Ont.

The B. W. M. A. Society Meeting at Aberdeen Beach

The meeting held by the Baptist Women's Missionary Aid Society of this part of Hants County, at Aberdeen Beach on Thursday, September 5th, was a decided success, their being about eighty present. After partaking of a sumptuous dinner, consisting of meats, fish and hot vegetables, the meeting opened with singing, Mrs. John Nalder presiding followed with prayer by Mrs. Captain Edward Davison and Mrs. Beanson. The leader requested each present to repeat a passage of Scripture for the opening lesson, some twenty five or thirty persons responding. Mrs. Nalder gave an account of the convention held in St. John, at which she was present, and dealt at length on the excellent work which was being done by the missionaries sent out to work among the Telegues. She was glad to state that the report showed that an effort was being made to raise ten thousand two hundred dollars for the furtherance of the missionary work during the present year.

Capt. Edw. Davison of Hantsport, was present, and gave a short address and prayer. In his address he stated he was over ninety years of age, and during about forty years of his life he had sailed the seas, and at different times had entered ports in heathen lands, and that he fully realized the great need of Christian work among heathen people.

The following are the missionaries returning: Mr. and Mrs. I. C. Archibald, Mrs. W. V. Higgins and Mrs. Laflamme. Miss Flora Clarke of Moncton, is going for the first time. It is the desire of the convention to send three more missionaries, and special prayer was offered that they might come forward and offer themselves for the work immediately.

There were present representatives from Windsor, Falmouth, Mount Denson, Hantsport, Lockhartville, Avonport, Canning, Bridgewater and Parraboro. It was voted to hold this rally once a year at Aberdeen Beach. The meeting was greatly enjoyed by those present, and many received a blessing. After a generous collection was taken Mrs. Nalder led in prayer, and the meeting closed with the Doxology.—Tribune.

Fanny—Yes, the Hubb girls have gone to Australia. I hear they are after something they can't get in this country.

UPPER BURINGTON

On Tuesday afternoon of last week at Mill Brook our Sunday School and day school in union with the Scotch Village S. School held their annual picnic. It was an unqualified success. The weather being so favorable and the location being so convenient to go to, a large number of folk were present. The time was pleasantly spent in games, swinging, etc. up till about 5 o'clock when an elaborate supper was served to 340 guests, many of whom were from the following places: Brooklyn, Poplar Grove, Miller's Creek, Goshen, Cambridge, Avoudale and Belmont.

Mr Ernest Sanford of Lowell, Mass is here visiting his mother Mrs Rupert Sanford.

The other home visitors are Mrs May Teare of Boston, Mass and Mrs Breston Brightman of North Andover, Mass.

Last week for a few days Mrs Maxwell Stephens of Poplar Grove was the guest of Mrs J E Fish.

On Friday morning Miss Lena M Harvie left here for Truro, Col. Co. to visit her friends for a few weeks.

THE EDITOR'S GAME LAWS

The following laws, if put in force, in many cases would be of great benefit to the suffering public:

Scandal Messengers from April 1st to February 1st.

Umbrella borrowers from August 1st to November 1st, and from February 1st to April 1st.

Wissard's Liniment Cures Distemper When You Have No Corkscrew

No doubt you have found yourself in the predicament of having forgotten the corkscrew, and you are out in the fields trying to get a draught from a cool bottle.

Here is a new and simple way to overcome the difficulty, the invention of which is to be accredited to a conventional young scientist. Hold the neck of the bottle firmly in your right hand, and with your left hold a handkerchief against the trunk of a tree.

Now with a quick blow hit the side of the tree covered with the handkerchief. The cork will immediately fly out. Then turn the bottle upward, so the fluid will not flow out after the cork.

An angler of mature experience in these matters suggests another method suited to a situation where there is no trees handy. He says:

Take two nails or two knifeblades, thrust them down between the bottle and cork on either side of the latter, wind your handkerchief in and out around the nails or knife blades—until it gives you a solid substance for a grip, then gently draw the cork.

Nerve Food

If you have neuralgia, Scott's Emulsion of Cod Liver Oil will feed the nerve that is crying for food—it is hungry—and set your whole body going again, in a way to satisfy nerve and brain from your usual food.

That is cure. If you are nervous and irritable, you may only need more fat to cushion your nerves—you are probably thin—and Scott's Emulsion of Cod Liver Oil will give you the fat, to begin with.

Cure, so far as it goes. Full cure is getting the fat, you need from usual food, and Scott's Emulsion will help you to that.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

SCOTT & BOWNE, Chemists, Toronto.
