The Ware that Lasts a Generation

You can cook the most easily scorched food in

Wear-Ever

Aluminum Utensils with less fear of burning than in any other kind, because aluminum is a better distributor of heat and retains it longer. This means a saving in fuel. And it means a saving in wear-and-tear expense, too.

Wear-Ever utensils are light to handle and easy to clean. They cannot form poisonous compounds with fruit acids or foods.

Wear-Ever utensils are made from thick, hard sheet aluminum, 99% pure, without joints, seams or solder. You can let food burn dry without scorching them. Cannot rust—cannot chip or scale—are practically indestructible.

Replace utensils that wear out with utensils that Wear-Ever.

We have devoted pages 2 and 3 of this issue to some of our brave Nova Scotia boys who are on duty for the defence of the Empire. We are sure this is a matter which will deeply interest all our readers and we hope to continue to issue articles of interest concerning our boys. We are indebted to 'The This Week' for the publication of the 25th Battalion, N. S. Highlanders for the illustrations on these pages.

Rev. J. D. Spidell, pastor of the Kentville Baptist Church, who is training at Halifax, preparing for active service for his Empire Overseas, was presented on Saturday by the members of his congregation with a splendid military wrist watch. This timely gift was very much appreciated by the pastor as was the kindly thought which prompted it, and he expressed his heartfelt thanks to the people for the same at the service Sunday morning.
