...WILLIAM GORDON...

LEITER BOX

To the Editor of The Planet:

Dear Sir,—I would be pleased to be informed, is anybody can explain, why myself and family have been quarantined. The Health Officer came over yesterday morning and put up a card, "Quarantine," on my residence, and also leaving orders forbidding us to leave the house. I consider this a great hardship and injustice after what we have already experienced.

To explain, unfortunately two of my children took sick. After some days it was pronounced "scarlet fever" and they were ordered to the hospital and my residence was disinfected. None of the rest of my family took the disease. After five weeks' detention at the hospital of my two children they were pronounced well, their clothes disinfected, and they gladly returned to their home, enjoying good health. Since then we have enjoyed the company of relatives and friends, whom I thank very much for many kindnesses during our trials.

Now, what I cannot understand is after my children have been home a number of days and we are all enjoying good health, why we should be ordered to hear this imposition. It looks like "somebody has blundered," and we are the sufferers. Hoping this may be the means of some information and less "red tape," I am

Yours truly,

FLORENCE KERTS.
