ONTARIO GETS THEM.

Quebec Islanders, Driven From Home, Find Haven In North.

Montreal, Nov. 5.—Two hundred and forty of the inhabitants of the Islands of St. Pierre and Miquelon, in the Gulf of St. Lawrence, passed through this city Friday night on their way to Ontario, where they will take up homes.

These men and their families have been forced to leave their homes in the Gulf on account of the poverty of the soil, and also on account of the fishing treaty between France and England. Land has been allotted to them in the Lake Huron region of Northern Ontario, and they will be settled on it in the spring.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known. The medical fraternity, Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Tariff Helps Some.

Richmond, Ind., Nov. 5.—Gean, Scott & Co., Richmond's great thrasher manufacturing firm, has determined upon the erection of a branch factory at Winnipeg, Man., that may be made the equal of the Richmond plant. The firm is attracted by the Canadian wheat belt, and also desires to escape the Canadian tariff on machinery and the American tariff on malleable iron.

"I feel as if I should fly to pieces." How often those words are on a woman's lips. They express to the uttermost the nerve racked condition of the body, which makes life a daily martyrdom.

If this condition had come suddenly it would have been unbearable. But the transition was gradual. A little more strain each day on the nerves. A little more drain each day on the vitality. Any woman would be glad indeed to be rid of such a condition. Every woman tries to be rid of it. Thousands of such women have been cured by Dr. Pierce's treatment with his "Favorite Prescription" when local doctors had entirely failed to cure.

"Favorite Prescription" contains no opium, cocaine or other narcotic.

40 Railways Are Discriminating.

Cleveland, Nov. 5.—The National Petroleum Association, which includes nearly all of the leading independent oil producers, Saturday forwarded to the Railway Commission a petition in which it is charged that about 40 railroads in Ohio are discriminating in rates in favor of the Standard Oil Co.

HAD THIRTY-TWO BOILS AT ONE TIME

Two Bottles of Burdock Blood Bitters Cured Him.

Imperfect organic action makes bad blood, so, too, bad blood, in turn, makes imperfect action of every bodily organ. If the blood becomes impure, poisoned or contaminated in any way from constipation, biliousness or any other cause, some especially weak organ must soon become diseased thereby, or the whole system may suffer in consequence.

Pimples, boils, blotches, ulcers, festering sores, abscesses, tumors, rashes or some serious and perhaps incurable blood disease may result. There is no medicine on the market to-day to equal the old and well-known remedy,

BURDOCK BLOOD BITTERS

for all cases of bad blood.

Mr. Ernest B. Tupper, Round Hill, N.S., says: "I think Burdock Blood Bitters a great medicine for boils. I had them on my back one time. I used only two bottles of B.B.B. and they completely cured me. I cannot recommend it too highly." Price \$1.00 per bottle or 6 bottles for \$5.00.

It doesn't take a man of mettle to steal.

If health is wealth and money talks, for so the proverb runs, A fortune you may easily see, In taking Rocku Mountain Bitters.

COOKERY COLUMN.

Some Attractive Ways of Using Left Over Vegetables.

The average cook has just begun to appreciate the possibilities for good contained in vegetables aside from the "plain boil." She has been accustomed to regard them solely as a kind of unimportant accompaniment to meat and scarcely in themselves worth the trouble of any separate pains in preparation. Then, too, the remains of delicate vegetables left over from dinner are frequently regarded as of no consideration, when, as a matter of fact, a little ingenuity transforms them into very appetizing hot or cold dishes.

A number of dainty little salads are made with a few odds and ends of vegetables in combination with a small quantity of poultry, fish or meat. Roast veal, for instance, may be cut in small pieces, without skin or gristle, mixed with a double quantity of cucumber, tossed in a dressing composed of lemon juice, oil, pepper and salt and served in the center of a bed of water cress

or lettuce. Such dishes, if insufficient in quantity, may be baked out in the addition of hard boiled eggs cut in quarters, while mayonnaise lends to the attractiveness of vegetable salads.

Eggs in Baked Potatoes.

Eggs in baked potatoes are an attractive vegetable dish suitable for luncheon or breakfast. Select fairly large potatoes of an equal size. Wash and bake them until soft. Allow one egg for each potato. Separate the whites from the yolks, keeping the yolks whole. Beat the whites to a stiff froth. When the potatoes are sufficiently cooked cut a round hole in the top of each and scoop out the inside.

With this beat the stiff whites of the eggs and an ounce of melted butter to each four potatoes. Season with salt and pepper and return to the skin, leaving a hollow in the top of each potato. Into this drop the yolk of an egg, sprinkle the top with brown crumbs and one or two tiny bits of butter. Return to the oven long enough to set the egg. Serve very hot. If this is considered too much trouble, the baked potatoes are very nice simply scooped out a little and the whole egg dropped in and returned to the oven for a few minutes.

Chicken and Green Pea Salad.

Any kind of poultry lends itself to the concoction of dainty little salads

and don't know it. They attribute their ill-health to weakness. Dragging pains in the hips, backache, nervousness, tiredness, headache are more often caused by sick kidneys. If your kidneys are not well, the other delicate organs are disturbed and inflamed, bringing on the horrors of female weakness and the serious troubles often attending pregnancy.

HOW MUCH DO BROKERS OWE?

What Statements Purport to Show—Commission May Enquire.

Toronto, Nov. 5.—According to ex-Manager McGill's statements on record at the Ontario Bank it is said that big New York brokers are shown to owe the bank about \$2,000,000. The accuracy of these statements, however, is not believed in, although the prosecution may send a commission to New York to look into the facts thoroughly.

The court enquiry, beginning on Tuesday, will include in its scope the probing of all the ex-manager's speculations.

To-day the shareholders' committee will meet to decide whether to employ special counsel.

Hon. H. R. Emmerson Says I. C. R. Is Best Investment Canada Has.

Ottawa, Nov. 5.—Hon. H. R. Emmerson was the guest at luncheon here Saturday of the Canadian Club. He spoke of the Intercolonial Railway.

He claimed that it was the best investment Canada had today. They had now a surplus, but that surplus did not go into coffers of the Intercolonial, but back into the pockets of the people.

The Minister urged that the railway had fulfilled its mission. For it had bound the east with the west, but he argued that it was not their purpose to draw dividends from the Intercolonial; rather was it their desire to work it just at and no more than a paying basis. There was no more reason to expect dividends from that railway than from a canal.

Humor and Philosophy

By DUNCAN M. SMITH

THE IDEAL WAY.

How fine and dandy it would be, How very, very nice, If we could travel on our shape, Nor think about the price; If we could take a railroad train, When we would go hence To any portion of the land Regardless of expense.

If we could order up a cab Or buy a touring car, And feel, when we received the bill, No symptom of a jar; If we could own a private yacht And sail the public sea, And say to those who shook their heads, "Expense can't bother me."

If we could pick a suit of clothes, The finest in the store, And say offhanded to the clerk, "Send up a dozen more;" If we could purchase right and left Whatever we might see, The same as those who owned the mint, How lovely it would be!

Alas, the thing that hampers us, When we would cut a dash, Is not our modesty—oh, no; It's lack of tainted cash! How fine and dandy it would be, How very nice, If we could fit about and say, "Expenses can't ice!"

Garments For Ghosts.

Some of our studious magazine writers are making a serious effort to discover what is the latest thing in clothes for modern and up to date ghosts.

After talking with men who had met ghosts, though they claimed they had been drinking nothing but water, the investigators came to the conclusion that the refined and particular spook made it a practice to appear among men dressed in garments that were out according to the latest patterns of the day.

This is quite a tribute to Paris, which sets the pace for the world in such things. Doubtless the ghost looks over the fashion magazines or perhaps if he is busy tells his tailor to get up something in the latest style regardless of expense, for he is going to walk around on earth and must be garbed in a way that will do credit to the artists of Spookland. We do not claim to know for certain that this is right. You might ask the next ghost you meet.

We don't ask you to spend a single penny; or promise to spend any. Simply take the box of pills which we send you free of charge. We leave it to you whether or not you will take any more after the sample box is gone.

RAT PORTAGE, October, 1905

I was troubled for about two years with kidney trouble, so common among railway men. I doctored in the regular way and took a great deal of medicine, but received no benefit. My friends recommended Gin Pills, and I am pleased to state that after taking the first box I got relief, and while I am not taking them regularly, I feel any indications of a return of the trouble, a few doses puts me all right again.
