 \$200.00 Invested in Le Roi in 1890 is now worth \$500,000.00.
 \$200.00 Invested in Crow's Nest Pass Coal Co., of B. C. in 1896 is now worth \$70,000.00.
 \$285.00 per share.
 \$100.00 of the Home Mining Co. advanced from 25 cents a share to \$25.00 a share in seven months.
 Granite Mountain Stock advanced from 10 cents a share to \$75.00 in two years, and paid \$14,000,000.00 in dividends.
 These are only a few examples; there are thousands of others.
 While success cannot rightfully be judged by money standards, the fact remains that in the eyes of the world the extent of a man's success is the extent of his capital.
 The world has no use for a poor man or a loser.
 The person who has reached middle age, wholly dependent upon

on his individual efforts for his livelihood, is accounted a failure. He no longer commands the respect of the multitude but receives instead their scorn or pity.
 Have you ever thought of these things?
 What are you doing to make yourself independent?
 Your hand or brain devoted to another man's cause can never make you wealthy.
 Nor can your dollars.
 The man who only saves is at best a plodder.
 He should invest his dollars.
 Look about you.
 There are successful men on every side.
 Have you ever wondered how they made money while others have not?
 Excluding those rich by inheritance, and those rich by fraud, there remains countless thousands of men and women who, starting practically without a dollar, have built up for themselves wealth or a handsome competence and are no longer dependent on their hands for support.
 These people have made money first by working for and earning dollars, and then by putting their dollars to work.
 You are cheating yourself and your family when you do not save from your earnings and put your earnings to work.
 Suppose you put your savings in a bank. The bank pays 3 per cent. How can it? Because it invests your money so that it will bring much more than 3 per cent—

enough more so that most bankers become very wealthy on the difference between your interest and theirs.
 And what if they invest unwisely and lose all as they sometimes do? Why, it's your money and your loss—not theirs.
 You have not the control of your own capital—do not even know what they are doing with your money.
 You are making your dollars work for others. Why don't you make them work for you.
 The banker invests your money; pockets their earnings, and gives you 3 per cent.
 Why don't you do your own investing and make the profit for yourself?
 You may think you have no opportunity.
 But you have.
 Opportunities are at every hand. No man or woman exists that has not had some opportunity for financial advancement.
 The trouble is: most opportunities wear rubber shoes, and the public sleepily refuses to hear them.
 One of the world's most successful financiers, when asked how he made money so fast, replied:
 "I have an agent at the elbow of every opportunity and never let one pass without paying me tribute."
 Don't you realize that every great fortune had its humble beginning. That just a few dollars have grown to millions?
 Look at Andrew Carnegie. He saved up \$500.00 and made his

first investment in Adams Express Company stock. It paid him big interest almost from the start. You know what it and he are worth to-day.
 There are hundreds of similar examples.
 "No one ever succeeds except by doing things,"—John D. Rockefeller.
 To become wealthy—successful—you must save and invest your savings.
 Where were you in the year 1896, and what were you doing? Couldn't you have saved \$100.00 without inconveniencing yourself?
 Suppose you did save \$100.00 and invested it in CROW'S STOCK. This stock was sold in 1896 to small investors at 10 cents a share—six years thereafter it was worth \$100.00 a share; and to-day is selling for \$285.00 a share, or your \$100.00 invested would pay you a dividend of over \$10,000.00 a year and be worth \$285,000.00.
 Opportunity is always knocking at the door.
 Jay Gould once said to a friend, "When you invest in the stock of a company, don't look for the best, for you will never find it; best, for a good one; then invest and do so quickly. Don't wait to see if it pans out all right, for that is where you lose your opportunity. When you have waited to see if it pans out, you have to pay a premium on the stock, and you will have lost the biggest advance in value. You must make

money on your judgement and foresight, and not on demonstrated facts."
 Pittsburg, Pennsylvania, has over 400 millionaires who have made their fortunes out of coal and oil. Coal is the basis of all industrial and commercial wealth. Coal mining in British Columbia has always been a success. It is like diamond mining in South Africa—a bonanza of the first magnitude.
 Dunsmuir made millions and millions in coal mining in British Columbia, and died the richest man in Canada.
 THE BRITISH COLUMBIA AMALGAMATED COAL COMPANY, of Portland, Oregon, controls 17,500 acres of coal land near Vancouver, B. C., estimated by coal experts to be underlaid with 1,400,000,000 tons of the best quality of steam, domestic, and cooking coal in America.
 Our mine is better than the Crow's Nest, the quality of our coal is pronounced by coal experts to be as good, if not better, we are 500 miles nearer tide water, and 300 miles nearer the big smelters in the boundary district, where coke is used.
 We are offering a limited amount of the treasury stock for sale at 25c a share, par value \$1.00 full paid and non-assessable.
 The officers of this company are men of high standing. Bank or commercial reference will be taken. Call or write for prosperous or information.

THE CHATHAM ATHLETIC MEET.

Y. M. C. A. Sports At Chatham Well Patronized Last Thursday.

300 PRESENT.

New Brunswick's Muscular Youth Show to Advantage—Summary of the Events.

The Y. M. C. A. sports held in Chatham on Thursday on the M. E. A. E. track were well attended, nearly eight hundred people being present.

The two hundred and twenty in twenty-four and one quarter seconds, the four hundred and forty in fifty-four, and the half mile in two eleven and three quarters, were fast considering the condition of the track, which was heavy owing to the recent rain. The mile was done in 5.14 by George Stubbs, and considering all things, "Jerry" made good time, especially as he had fallen in the eight hundred and eighty and cut up his knee rather badly. The mile relay was done in 4.07.

The St. John boys—Stubbs, Giggey and Bovard—took four firsts and two seconds. The 100 yards dash resulted as follows: Elmer Ferguson, Moncton, 1st; Fred Bovard, St. John, 2nd; W. Watling, Chatham, 4th; J. D. McNaughton, Chatham, 5th. Time 11 seconds. Bovard fell at the start, but came in second.

220 yards dash—Bovard, 1st;

Ferguson, 2nd; Watling, 3rd; Logie, 4th. Time, 24 1-4.

880 yards run—F. Giggey, St. John, 1st; George Stubbs, St. John, 2nd; A. Dawney, Chatham, 3rd. Time 2.11 1-4. Stubbs was leading in this race when he fell and Giggey gave a splendid spurt, finishing several yards in the lead.

High jump—Watson, Chatham, 1st; Lea, Moncton, 2nd; M. S. Benson, Chatham, 3rd. Height, 4 feet 8 inches.

440 yard dash—P. Giggey, 1st; Watling, 2nd; Messervey, Chatham, 3rd. Time, 54 seconds. Watson, Moncton also ran strongly, but failed to get a place.

Shot put—Leigh Loggie, Chatham, 1st; Wood, Moncton, 2nd; Messervey, Chatham, 3rd. Distance, 29 feet.

Mile run—Stubbs, St. John, 1st; A. Downey, Chatham, 2nd. Time, 5.14. Pole vault—In this event Young of Chatham failed after clearing 7 feet 9 inches; Rideout, Chatham, 8 feet 3 inches, and Morrison cleared 9 feet 3 inches, but failed at 9-6, which Lea of Moncton cleared. The judges then decided that they had knocked the bar off in Morrison's first trial, and after Lea had been declared a winner gave Morrison a fourth trial. He failed and the bar was put higher, which neither now cleared. Finally the announcement was made that Morrison won at 9 feet 9 inches after tossing for first place with Lea. These sports were announced to be under the M. P. A. A. A. sanction.

The mile relay was won by Chatham's team, consisting of Loggie, Pow, Downey and Watling, Moncton, 2nd Time, 4.07.

The officials were: Referee, W. S. Loggie; M. P.; timers and measurer, S. D. Heckbert, R. A. Lawlor, W. J. Brown; judges, W. B. Snowball, E. S. Pocock, W. L. T. Weldon; starter, P. E. Covey; announcer, Wm. Skidder, clerk of the course, P. E. Covey.

SCHOOL FOR BLIND.

Are you blessed with good sight? If so are you willing to help the blind to help themselves?

The School for the Blind at Halifax is free to the blind youths of Nova Scotia, New Brunswick and Prince Edward Island and Newfoundland.

The parents of partially or totally blind children, and those interested in the education of the blind, will confer a favour by reporting to the Superintendent of the School, Dr. C. F. Fraser, the name and address of any boy or girl under twenty-one years of age who is unable, through lack of sight, to read ordinary print and attend the public schools.

During the past year one hundred and thirty-six pupils have been under instruction in the School for the Blind. Eight of these have recently graduated and are now in a position to earn their own living.

FOR AN IMPAIRED APPETITE.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price 25 cents. Sample free.

The British House of Commons has again passed the "Deceased Wife's Sister" Bill.

St. John and Fredericton gave a royal welcome to his Excellency Earl Grey, Governor-General, last week.

A handsome contribution towards the firemen's tournament in St. John on Labor Day has been made by Hon. S. Adams, of New York, a former resident of Miramichi.

EMERSON.

Emerson, Aug. 12.—Mr. Isaac Beers of Maine, is visiting friends in Emerson.

Miss Lizzie Beers, who has returned from Boston, accompanied by little Laura Austin, of Cambridge, Mass., is spending a few weeks with her parents, Mr. and Mrs. James Beers.

Miss Annie Spencer of Bathurst, is visiting in Emerson.

Miss Sarah Miller of Marysville, is visiting her parents, Mr. and Mrs. William Miller.

Mr. William Boyce, of Ford's Mills, has returned to Boston.

Miss Laurena Bagnel is visiting friends in Bathurst Village.

Mr. and Mrs. Thomas Irving, of Beersville, are visiting friends here today.

Eva and Lizzie Beers were the guests of the Misses Lena and Aggie Ward, of Trout Brook on the 7th.

Mr. Jamet J. Beers, who has been ill, is recovering.

Mr. and Mrs. John Langster, of Maine, who have been visiting in Emerson, have gone to Bathurst, to visit their sister, Mrs. John Spencer.

ECZEMA.

For the good of those suffering with eczema or other such trouble I wish to say, my wife had something of that kind and after using the doctor's remedies for some time concluded to try Chamberlain's Salve, and it proved to be better than anything she had tried. For sale by all druggists.

Alphonse Verville, M. P., leader of the Canadian Labor party in the House of Commons, met a number of representatives from the different labor unions of St. John Wednesday night and impressed upon them the great importance of good organization.

A GUARANTEED CURE

For All Forms of Kidney Disease

We the undersigned Druggists, are fully prepared to give the following guarantee with every 50 cent bottle of Dr. Fossin's Kidney-Wart Tablets, the only remedy in the world that positively cures all troubles arising from weak or diseased kidneys:—
 "Money cheerfully returned if the sufferer is not relieved and improved after use of one bottle. Three to six bottles effect astonishing and permanent cure. If not relieved and cured, you waste no money."—F. E. Dalton, Newcastle, N. B.

Biffkins—"Funny thing about women, isn't it?"

Miffkins—"Don't know. What's funny about 'em?"

Biffkins—"Why, during the courtship a woman will fight her relations for the sake of the man she loves, but after marriage she will work her husband for the sake of her relations."

Minard's Liniment for sale everywhere.

His Wife—"John, dear, I need a new dress awfully."

Her Husband (gruffly)—"I'd like to know what you need a new dress for."

His Wife—"Why I want to cover the piano with, of course. You didn't suppose for a minute that I intended to wear it, did you?"

"Going away?" asked Gaussip.

"Yes," snapped Batchellir, plodding on with his stilt case.

"By the way, the Podleys next door to you have a baby, I hear."

"I hear, too, that's why I'm going away."

"Yes," said Mrs. Popley, "I'm going to take the children away to the country for a month or so."

"You'll take your servant girls with you of course, said Mrs. Nexdore,

"Most assuredly not! I need a rest myself."

Say, mister, pleaded the unimpaired hobo, cant youse gimme er dime t' buy me some bread?

Notin' doin, rejoined the sporty person. The idea of squandering a dime for bread when you could just as well buy whisky with it!

His Wife—"I'm afraid you don't love me as much now as you did before we were married, dear."

Her Husband—"Of course I don't. You certainly wouldn't expect a man to love a married woman as he would a maid, I hope."

Capleigh—"I was aw out late last night, and the aw result was I had a head on me this mornin'; doncher know."

Miss Canstique—"Well, if I were you I'd stay out every night."
