MRS. WINSLOW'S SOOTHING

Rev Sylvanus Cobb thus writes in the Boston Christian Freeman: We would by no means recommend any kind o medicine which we did not know to be good-particularly for infants. But of Mrs Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant, troubled with colic pains, quiet sleep, and the parents un-broken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is entirely harmless; for the How he proposes to do thiswhich it affords the infant is perfeet! natural, and the little cherub wak "as bright as a button." And during the process of teething, its value is incalculable. We have frequently heard mothers say that they would no be without it from the birth of the child till it had finished with the teething siege, on any consideration whatever. Sold everywhere.
