TO EXPECTANT MOTHERS

A Letter from Mrs. Smith Tells How
Lydia E. Pinkham's Vegetable
Compound Helped Her

Trenton, Ont.—"I am writing to you
in regard to Lydia E. Pinkham's Vege-
table Compound. I would not be with-
out it. I have taken it before each of my
children was born and afterwards, and
find it a great help. Before my first baby
was born I had shortness of breath and
ringing in my ears. I felt as if I would
never pull through. One day a friend of
my husband told him what the Vegeta-
ble Compound had done for his wife and
advised him to take a bottle home for
me. After the fourth bottle I was a
different woman. I have four children
now, and I always find the Vegetable
Compound a great help as it seems to
make confinement easier. I recommend
it to my friends."—Mrs. FRED H.
SMITH, John St., Trenton, Ont.

Lydia E. Pinkham's Vegetable Compound
is an excellent medicine for ex-
pectant mothers, and should be taken
during the entire period. It has a gen-
eral effect to strengthen and tone up the
entire system, so that it may work in
every respect effectually as nature in-
tended. Thousands of women testify
to this fact.

HAZARDOUS SEASON FOR FOREST FIRES

This present period of the year
has always been regarded as one of
the most hazardous; and is fraught
with possibilities of disasters be-
cause of the number of residents of
the Province who invade the forests
and absence of heavy rains have
caused the Forest in the southern
portion of the province to already
become parched. Thus the fire
risk from now until green vegetation
provides somewhat of a preventative
is exceedingly grave.

Already numbers of Municipal
fire wardens have been appointed as
deputies by County Councillors and
these appointments are being added
to every day. The Municipal Fire
Wardens are appointed usually in
outlying districts remote from the
portion of the parish over which
the County Councillor himself can
take direct supervision; they are
given the same power in respect to
fire control and fire fighting as
vested in the councillors under the
act. The appointments are register-
ed with the Department of Lands
and Mines.

Then there was also three hun-
dred co-operative fire wardens who
are employed by the licensees hold-
ing Crown Lands and private own-
ers who are available in the
mobilization of a controlling
and fighting force to battle the fire
scourge. Thousands of warning
signs calling the attention of tourists
and sportsmen to the danger of
carelessness and the necessity for
prevention of forest fires have also
been placed adjacent to forest lands
and at places where they are
prominently before motorists and
campers. The growth of motoring
has been an important factor in
increasing the fire hazard for the
careless tossing of a cigarette or a
cigar from a rapidly moving car
often results in a roadside fire being
started and these often become
extensive conflagrations.

RAISING THE GERMAN FLEET

The work of raising the sunken
German fleet at Scapa Flow is to be
undertaken by Messrs. Cox and
Danks of London and Sheffield; G.B.
"This is our first effort in sal-
vage work" their Sheffield represen-
tative stated to a reporter "and we
hope within eight or nine years to
bring to the surface and send to
our breaking yard at Queensborough
about 2,225,000 tons of sunken
vessels."

He added that 30,000 pounds had
been laid out as a first cost in pro-
viding machinery and plant to begin
this gigantic task. The first ship-
load of appliances has reached
Scapa Flow but actual work will
not begin until the arrival of an
ex-German submarine floating dredger
dock which, it is expected will be
ready for towing there immediately.

This dock which has been altered
to meet the special requirements
of the undertaking will at Scapa
Flow be cut in two and half will be
placed on each side of the first
vessel to be raised.

Large grappling hooks will be
dropped over a parallel line pulleys.
These will grip the submarine's port
holes or other convenient parts and
as the hauling machinery to be
employed is capable of raising 4,000
tons the firm anticipate that the
submarine will be brought to the
surface in a fortnight. Follow-
ing this will come the raising of the
Hindenburg. This battle cruiser
weighing 27,000 tons lies in 36 feet
of water. It is hoped to bring her
to the surface on Christmas.

Every porthole, hatch and other
opening is to be sealed by divers.
Vertical steel tubes extending from
the surface are to be fixed and down
will be lowered motors which
will pump water from the sunken
vessel which will then gradually lift

"Eczema on My Face Completely Relieved"

Miss Winifred Ernest, Box 46, Blockhouse, N. S.,
writes:

"Ever since I was a little child, I suffered with eczema on my
face. At times my face was completely covered with large sores,
and I tried nearly every
kind of medicine that I
heard of with no results.
This lasted for over twenty
years, until one day I asked
the advice of my druggist,
who bade me give Dr.
Chase's Ointment a trial.
After using the Ointment
for a few days, the sores
began to heal, and soon I
was completely relieved of
the disease."

DOING IT EVERYWHERE

Dartmouth Town Council at its
last regular meeting decided to take
"strong measures" to collect the
taxes when a resolution was passed
authorizing the Town Clerk to issue
the Town Treasurer's Tax Warrant
to collect arrears in taxes" in
order that the Treasury be supplied
with funds to meet current expenses
It seems to be general this year
to get after Default Taxes. It is
hoped that Newcastle will not be
an exception.

"King Cole" Preferred

A growing preference is expressed for KING COLE TEA. What other
explanation could there be for its persistently increasing sale? Every
year of the twelve that it has been before the public has marked its strong
steady advance. A good long testing time—long enough to
prove the merits or reveal the weakness of any article.

Public confidence has been
demonstrated in no un-
certain way. The testing
stage has been passed with
honour.

"You'll like the flavor."

TODAY—Ride in this Remarkable Six

Scientifically balanced, holds the
road at all speeds. All-steel body.
One-piece windshield. Luxurious,
genuine leather cushions, ten inches
deep. Cool lights. Standard non-
skid cord tires.

Now here's a car to
put the song of the
open in your heart!

HERE is the open of the country, the
quiet of star-leavened skies, the power
of a thousand giants to transport you magi-
cally to the land of dreams-come-true.

A car world-famous and distinguished, the
product of a vehicle-maker internationally
acclaimed for the supreme in fine carriages
for many generations.

All the luxuries of a fine car—for it is a
fine car. The same steels, the same engineer-
ing as the most costly Studebaker models—
and that means the best men know. The
same ease of handling, the same quiet,
smooth operation, long life, low upkeep cost.

Now ride in it. Note its quick response to
the slightest touch of the accelerator. Feel

the thrill of its tremendously powerful six-
cylinder motor. Mark its ease of handling,
its comfort, its fine car refinements.

Then note its price is well within the limits
of economy—the cost of upkeep low. The
terms of payment liberal. It offers the su-
preme value of today in the \$1500 field.

We invite you to take out a Light-Six
model for comparison with other cars at near
its price. Then with cars selling for several
hundred dollars more. We'll place a Light-
Six at your disposal for this purpose any
time you name.

Buy no car at \$800 or more without mak-
ing this test. Don't buy blindfolded.
