TURN THE RASCALS OUT.—We
refer to such rascals as dyspepsia, bad
blood, biliousness, constipation, sick
headache, etc. infesting the human
system. Turn them out and keep them
out by using Burdock Blood Bitters,
the natural foe to diseases, which
invigorates, tones and strengthens the
entire system.

AN ENTERPRISING HOTEL
MAN—It is stated that a hotel man
in Toronto has posted up a notice
stating that all diners at his place
who used Burdock Blood Bitters to
tone up their appetite and strengthen,
will be charged 20 per cent. extra. We
do not know how true this is. B. B.
undoubtedly does the work and does
it quickly and well.

SEVEN YEARS' SUFFERING.—
GENTLEMEN,—I had suffered very
much from inflammatory rheumatism,
which through wrong treatment left my
ugly running sores on my hands and
feet. While these I suffered for seven
years, during which time I had neither
shoe or stocking on. I commenced
using B. B. B. externally and inter-
nally, using the pills also, and I can
say now that the sores are entirely
cured, and have been for some time,
besides the bitters were the means of
saving my life.

The Lobster Question.

DISCUSSED IN THE HOUSE OF COMMONS
ON THE 5TH, INST.

SPEECHES BY ISLAND MEMBERS.

(Hansard Report.)

MR. McLEAN. I have no doubt
that the Minister of Marine and
Fisheries in framing this Bill has
had at heart the best interests of
those engaged in the lobster busi-
ness, and the Bill as now presented
to the House does not call for that
objection on my part that it would
have done if it had been introduced
in its first form or according to the
existing regulations. It is necessary
in regard to the lobster industry
in the Gulf of St. Lawrence, to take
into consideration the different
position of the Gulf of St. Lawrence
and the other fishing districts from
which we have reports, and I might
at first correct a misapprehension
the Minister of Marine is under as
to the law in the State of Maine.
I have taken from the American
fisheries report of the year 1887,
an extract of the state laws for the
different states of the Union, and I
find that the law in the State of
Maine in 1879 prohibited the can-
ning and preserving of lobsters and
the capture and sale of individual
Lobsters under 10½ inches long be-
tween the 1st of August and the 1st
of April, but no restrictions were
placed on the fishery between the
1stApril and the 1st August. In
1888 that was amended so that
the close season extended from the
15th August to the 15th November,
and the capture or sale of females
with spawn and lobsters under nine
inches long was prohibited from
the 1st April to the 1st August.

MR. TUPPER. What clause was that?

MR. McLEAN. That was in the law
of 1888. I did not take the number
of the clause.

MR. TUPPER. Section 5 of the
law of 1887 says it shall be unlaw-
ful to buy, sell or possess any female,
or any lobster less than 10½ inches.

MR. McLEAN. In this act the
taking of lobsters over 9 inches long,
except females with spawn, is per-
mitted in the canning season. ...
