

The Financial and Commercial Markets

EDMONTON MARKETS. Edmonton, Sept. 24.—A slight decline in wheat is all that has disturbed the market during the past few days. Unfavorable weather and consequent depreciation in quality is alleged to be the cause. Oats are showing a decided firmness and it would seem as though this year might be Alberta's most valuable crop.

Table with 2 columns: Commodity and Price. Includes items like No. 1 Northern, No. 2 Northern, Oats, and various grades of wheat.

GRAIN ELEVATOR PRICES. No. 1 Northern, 80c; No. 2 Northern, 77c; No. 3 Northern, 75c; No. 4 Northern, 73c; Oats, 37-40; Barley, 40-42.

Winnipeg Stock Market. Winnipeg, Sept. 23.—Markets were again rather nervous, though steadier than Friday. The range in Winnipeg was about 1/4 to 1/2.

Table with 3 columns: Commodity, Bid, and Asked. Lists various stocks and bonds with their respective prices.

Winnipeg Stock Market. Winnipeg, Sept. 23.—Markets were again rather nervous, though steadier than Friday. The range in Winnipeg was about 1/4 to 1/2.

NEW EMPRESS LINERS TO LEAD THEIR CLASS

Many New Features in the New Steamers—More British Money for Canada—Canadian Soldiers in Imperial Service. London, Sept. 21.—Further details than have appeared in Canada are now available regarding the two new Empress steamships being built on the Clyde by the Fairfield company.

They are to have what are called cruiser sterns wherein the underbody will be cut away as in the case of a fast warship, while the rudder will be of the new type hitherto associated in the merchant service with only a few channel steamer, for instance, with the turbine steamer Dieppe, which the Fairfield company built in 1905 for the New Zealand Deep-sea service of the London, Brighton and South Coast company.

Speaking of his own experience, in interesting English capitalists in Canadian undertakings, a well known Canadian company promoter said this week: "One finds a favorable predisposition on the part of the capitalists here which makes them less keen to look into such investments as may be offered, and the well known experience of some who have made foolish investments causes examination to be very critical and searching."

Recently the Rev. Canon Renaud, of Montreal, so long known in connection with his immigration work at that port preached twice at St. John's, Pango, close to the Crystal palace, he alluded to the good work done by the clergyman who accompany the immigrants on their voyage and paid a tribute to the work of Archdeacon Lloyd, of Lloydminster, Saskatchewan.

In military circles the increase in the number of Canadian appointments to the Imperial army is welcomed. "Canadians," said an officer to the writer, "are so eager to make the most of their time here and anxious to learn the science of their profession that they receive a ready welcome."

The Royal Military college at Kingston has a great reputation on that score for turning out good men. The Official gazette announces the following promotions of gentlemen cadets from that institution: A. B. Van Straaten to be second lieutenant, Royal artillery; R. G. Mackenzie, second lieutenant, Royal Scots Fusiliers; J. McLennan, second lieutenant Army Service corps; H. E. Silver, second lieutenant, with a view of his appointment to the Indian army.

Chinese Convicted. Winnipeg, Sept. 20.—Out of twenty-one Chinese arrested on the charges of gambling or looting on, thirteen were today convicted by Judge Walker in the city police court. They were defended by Hugh Phillips, who protested that the man should have been charged with either playing, or looting on, or both together, not with both connected by the word "or." The point, according to Judge Walker's ruling, may be argued before a higher court.

Protest Against War. Paris, Sept. 24.—A mass-meeting of Socialists and Laborites to protest against a war with Germany took place today in the city of Paris. Large forces of police and municipal guards were stationed at the place of the meeting, but the protesters were not disturbed to interfere.

TAFT PLEADS GUILTY TO MANY OFFENCES

He Also Admits That He Had Endeavored to do His Duty—The President is Still Downcast over the Rejection of Reciprocity in Canada. Peoria, Ill., Sept. 22.—President Taft had a heart to heart talk today with the leaders of the Republican faction in Illinois, defined his status as to progressiveness, pleaded guilty to being a poor politician, acknowledged again that his ambition had lain in the direction of the office of Chief Justice rather than the Presidency, admitted that he undoubtedly had made many mistakes, but asserted that as President he had tried to do what he thought to be right. What the future held for him he did not know, he said, but stated he would go ahead doing the best he could.

Mr. Taft declared he was not allied with the extremists of his party either conservatives or progressives, but had tried to make a middle ground between the two. The speech made by the President was the most significant in his career since his trip this far. He still was downcast by the defeat of the reciprocity agreement in Canada, but his only reference to that subject had come earlier in the day when he addressed the workingmen of a local manufacturing establishment where farming implements are made.

"I was sorry to hear that in Canada they do not enter into closer commercial relations with us," he said. "I sincerely had been hoping that we could have secured some of our industrial implements into Canada at a substantial discount. But I guess we can get along."

NEW TERROR ARISES FOR JEWS IN RUSSIA

Result is an Emigration Much Greater Than Ever Before—On the Eve of U. S.—Would Not be Welcome in Great Britain. London, Sept. 23.—The current issues of the journals published in this country in the interest of Judaism and the Jews contain gloomy forebodings of a new terror which, it is said, is being instigated by the Russian government. The one of the results of the persecution is the emigration of the Jews from the dominions of the Czar to this country in numbers far exceeding any similar emigration of any other race.

Those Jews in London who have more to do with the poorer classes of their co-religionists do not altogether share in the alarm and anxiety concerning the probable proportions of the rush from Poland and Russia to England. Mr. T. J. G. M. of the Board of Guardians for the Relief of the Jewish Poor, who is said to be a man of no doubt as to the intensity of the persecution, is said to be a man of no doubt as to the intensity of the persecution, is said to be a man of no doubt as to the intensity of the persecution.

"I find a vast difference between the Englishman who has travelled and him who has remained at home; the former always inquired in a good Canadian investment. Personally, I have found men here prominent in the political, social and financial life to be ready investors."

As to the character of the ordinary Jewish emigrant to England, Mr. Ansell said: "It is a great mistake to imagine that although he is a Jew, he is a holligan. I know that that is the impression, because when he comes he is very quiet, and he settles down in a quiet way, and he is not a holligan class. Besides, these emigrants do not speak the language, and they are rendered crazy by the persecution to which they have been subjected, and the people, they expect to be treated in this country as they are treated in their own country."

CHIROLINE IS NOW DUE. Will Be Worn by Smartest Women of Paris During Season. Paris, Sept. 21.—During the "Grande Semaine" at Trouville, one of the best-dressed Parisiennes informed her intimates under the seal of secrecy that the sensation of the winter season would be the crinolines worn by the smartest women of the capital.

Returning to America. London, Sept. 22.—Passengers of the discolored Olympic are returning to America by the Empress of Britain and the Megantic. An additional market for Canadian cattle may be found in France, where the demand for imported stock is likely to be greatly increased in the near future. France faces a shortage of cattle for meat and stock purposes, while there are millions of people to feed, and the problem is beginning to agitate the public mind in that country.

Secretary Fisher of the Board of Trade received a letter on Saturday from Hon. Philippe Roy, commissioner general for Canada, in Paris, who states that they have experienced a very dry season in France. Added to this unfortunate condition of affairs, a peculiar disease has broken out among cattle, leaving the farmers and dairymen short.

With a view of relieving the situation as much as possible, Commissioner Roy writes that the French government will in all probability reduce the duty on cattle and import quite extensively. In the event this is done Commissioner Roy suggests that it would make a new outlet for Canadian export cattle, and says that if his office can be of any service to the exporters it is at their disposal.

GRAIN GROWERS. AFTER the crop has been harvested, the next consideration for you is the satisfactory disposal of same. Since 1853 we have been engaged in the Canadian grain trade. Our Eastern and Western branches and connections keep us in close touch with all current demands and fluctuations. We therefore claim our facilities the best for securing you the highest possible returns for every grade. We pay special attention to the grading of all cars consigned to us, and the samples of same are carefully checked by our experts. Our Option Department is prepared to handle with care and dispatch all trading in futures entrusted to it. Reference: Any Financial Agency. WRITE FOR FURTHER INFORMATION TO JAMES RICHARDSON & SONS LIMITED GRAIN EXCHANGE, WINNIPEG GRAIN EXCHANGE, CALGARY

SOME DAYS BEFORE THE LAURIER GOVERNMENT RETIRES

Ottawa, Sept. 22.—If the precedent set by governments defeated in past years is followed, it will be ten days or a fortnight before Sir Wilfrid Laurier and his ministers formally hand in their resignations to His Excellency. Sir Charles Tupper was defeated on June 23, 1896. Within a day or two after the election the members of his cabinet came to Ottawa and held a series of cabinet meetings to clear up the business which had accumulated during the progress of the campaign. Sir Wilfrid Laurier and his colleagues will doubtless follow a similar course.

In 1896, Sir Charles Tupper's government filled a number of vacancies which Lord Aberdeen, the governor general, refused to sign. In view of this precedent, no appointments are likely to be made. Owing to the departure of His Excellency, Earl Grey, on October 6th for England, the resignation of the ministers will be put in as soon as possible.

Should it be found impossible to install the new government before October 6th, the departure of His Excellency may be delayed. If so, there would be a corresponding delay in the arrival of the Duke of Connaught.

The new ministers, when named, will, of course, have to go back to their constituencies for re-election, but as a majority of the cabinet "probabilities" have been selected by safe majorities, it would not be surprising if they are practically all returned by acclamation.

Where is R. B. Bennett? The Evening Journal (Conservative) says: "All sorts of conjectures are being made about the probable Borden cabinet. The chief mystery hinges about the Nationalist position. It is difficult to see how the Monk-Bourassa alliance can find representation in the Borden cabinet unless they stultify themselves on the naval issue. Possibly there might be a compromise on a plebiscite."

"Mr. Sifton would assuredly be welcomed, but it is not thought likely that he would enter another cabinet. Some of the men from whom the Borden cabinet, outside of its French representation, must be picked are Osler, Brodeur, Foster, Bowell, Sharpe, Reid and Hughes. Premier McBrice will likely be asked to represent British Columbia, and next to him, Godeve. McGrath would be the man from the prairie provinces, but for his defeat, and a seat may be found for Hon. Robert Rogers. Quebec will assuredly be represented by Ames and Doherty, in addition to the French-speaking ministers. Two of the latter might be R. Forget and Hon. L. P. Pelletier. Premier of New Brunswick, Hazen may be called in. If not, Crockett will be one maritime minister; Stanfield, of Nova Scotia, will be another, and possibly Rhodes.

Returning to America. London, Sept. 22.—Passengers of the discolored Olympic are returning to America by the Empress of Britain and the Megantic. An additional market for Canadian cattle may be found in France, where the demand for imported stock is likely to be greatly increased in the near future. France faces a shortage of cattle for meat and stock purposes, while there are millions of people to feed, and the problem is beginning to agitate the public mind in that country.

Asthma. The terrible struggle to breathe the choking from restricted throat muscles find wonderful help and permanent benefit. Dr. J. D. Kellogg's Asthma Remedy. Two Sizes, 25c and \$1.00. In the event this is done Commissioner Roy suggests that it would make a new outlet for Canadian export cattle, and says that if his office can be of any service to the exporters it is at their disposal.
