ROBIN HOOD FLOUR

IS DIFFERENT

IT HAS ROUSED THE CURIOSITY OF THE WHOLE WEST

"Do you really think" one housewife will say to another "that this new flour can be better than the flour we are using?"
Madam, there is no doubt about it.
But there is just one way you can be convinced. You must use it yourself.
Our claims will not satisfy you, but we back up our claims in such a way that you will lose nothing by trying Robin Hood.
Your grocer will tell you about our guarantee which gives you back your money if you are not satisfied.

Pork and Beef remain at famine prices, and BREAD is the most economical and health-giving food we can buy. But there is bread and bread. It depends on the flour. A chemical analysis will show that

ROYAL HOUSEHOLD

is richest in GLUTEN, the nutritious part of wheat, the part that makes brain and bone and tissue, like the protein of milk or eggs. Use only

ARTIFICIAL HUMAN EYES.

Never since the arrival of the illustrious John Cabot has any body in Newfoundland attempted to cater to the needs of those who have been unfortunate enough to lose an eye.

WHY,
Does it mean anything?
RATHER,
It means that hundreds must be kept on hand in order to match all the different sizes, shapes and colors within the range.

I have just received my first shipment of

300
In Greys, Blues and Browns, from these, no doubt, many can be matched. Come along or send and see what we can do for you.
