

At the City Hall.

The Municipal Council held its regular weekly session last evening. The Mayor presided and all the Councilors attended. After reading of minutes, etc., the following business was disposed of:

In connection with the taking over of the Cowan Mission Convalescent Home as a maternity hospital, there was lengthy debate. Coun. Tait spoke strongly in opposition to the movement. He did not think the Council should connect itself or burden any incoming Council with what he called "a white elephant." A maternity home or hospital should be built according to specification, with due regard to hygienic requirements. To take over a building constructed for other purposes was mere folly. The city at present was unable to find money enough to keep its streets clean or make any improvements, and the idea of taking on additional expense did not appeal to common sense. He opposed the taking over of the building on these grounds, and was supported by Councillor Mullaney.

A motion to confirm the Council's action in accepting the offer of the ladies of the Cowan Mission was supported by Councillors Morris, Brownrigg, Ayre and Vinnicombe; Councillors Tait and Mullaney dissenting.

Coun. Mullaney gave notice of reconsideration at next meeting.

Colonial Secretary wrote he would bring Council's communication re housing proposition and the passing of the Charter, to the attention of the Executive.

Deputy Minister of Finance acknowledged receipt of Council's cheque for interest for the half year July-December, 1918.

Regarding suggested repairs to the steam roller, it was ordered to leave matters in the hands of the City Engineer for attention.

J. Clark, 221 Water Street West, wrote re fence around his house which was broken down by a pile of stones from the Council's rock crusher. This will be attended to.

Roland C. Morris wrote offering land on Pleasant Street for the purpose of making a road through to Pennycuik Road. The Engineer will report as to the exact situation of this property.

Superior Mount Cashel asked Council for loan of the rock crusher to help building operations there. The Engineer is to report on this matter.

James Murdoch's plans of bungalow on Sudbury Street and house on Topsall Road, were approved.

Plan of garage for W. E. Beagan, Gower Street, was deferred for further examination and report.

Keith and Taylor applied for permission to make alterations to house, New Gower Street, owned by A. G. Andrews. He is to send plan of proposed additions.

Wm. Payne was given permission to erect a temporary shed for storage on Gower Street.

H. Gear's application to repair fence, LeMarchant Road, was approved.

A petition from a number of residents of King's Bridge to have the sidewalk repaired, will be acceded to as soon as conditions permit.

A report from the Solicitor regarding licenses was read. The Mayor is to see the Solicitor further about the matter.

The Engineer reported leaks on mains, Bond Street and LeMarchant Road, located and repaired; eight house services repaired; repairs Dockworth and Temperance Street; removal of mud King's Bridge Road and Gower Street; setting a line of posts on the Promenade to prevent vehicular traffic, and a number of routine matters attended to during the past week.

The West End Road Inspector reported sidewalks Springdale and Thomas Streets obstructed by piles of lumber. The matter was referred to the Solicitor for action.

East End Road Inspector reported damages being done to pavings of small parks Long's Hill and Freshwater Road. The matter will be enquired into.

Regarding change of street line on Pennywell Road, it was ordered the City Engineer enquire as to the area of land to be taken.

The Plumbing Inspector reported 8 houses on Spencer Street connected with the sewer since the extension, and a further number of house owners notified to connect.

The Health Officer reported two new cases of diphtheria in the City for the past week.

After disposing of some routine business and passing the pay rolls and bills, the meeting adjourned.

SERIOUSLY ILL.—The many friends of Mrs. Tucker, wife of Mr. Geo. Tucker, of the R. N. Co.'s Electrical Dept., will regret to learn of her serious illness. Yesterday afternoon she underwent an operation at the General Hospital, a successful termination of which is confidently looked forward to.

Every Saturday evening after 7 o'clock, Choice Ends of Beef, Mutton, Lamb, Pork will be sold at cost. ELLIS & CO., LTD., 203 Water Street.—Nov. 23.
