

MORE SURPRISES IN THE SUGAR INQUIRY

Nearly All the Accused Finally Plead Guilty and Are Now Waiting For Sentence.

New York, May 27.—The long series of surprises in the sugar underweight conspiracy trial culminated today in the sudden closing of the prosecution's case, and the entering of pleas of guilty by three of the men on trial. These three were fellow employees of the four checkers convicted last winter for complicity in the fraud on the Williamsburg docks of the American Sugar Refining company. All of them worked under Oliver Spitzer, the dock superintendent, who was convicted, and sentenced to two years in the Atlanta prison, and whose confession and pardon and appearance as a government witness was the first big sensation of the present trial.

Counsel for the three men who had decided to give up the fight—Harry W. Walker, assistant dock superintendent; Jean P. Volker and James Halligan, Jr., checkers—today withdrew their pleas of not guilty, as soon as the new testimony, announced, that it closed its case. Sentence will be passed upon them later.

After a conference of counsel, the court was adjourned to Tuesday next. Judge Martin denying formal motions for the dismissal of the indictments against the remaining three defendants. With the three minor defendants eliminated by their pleas of guilty, there remain on trial the chief of the group, Charles R. Helke, secretary of the American Sugar Refining company, and his former subordinates, Ernest W. Gerbracht, superintendent of the Williamsburg refinery, where the underweighing frauds were uncovered, and James F. Bendemagel, the refinery cashier.

The Orangemen Desire No Change in the Coronation Oath

Brantford, Ont., May 27.—The Grand Orange Lodge of British America concluded its labors here last night by the election of officers and the selection of Winnipeg as next place of meeting. Dr. Sproule, M. P., re-elected Grand Master for the eleventh time. At the afternoon session a strong resolution was adopted protesting against any change in the coronation oath. A special committee was appointed to draft legislation to prevent the registration as voters of foreigners not conversant with English. A memorial in the form of a flagstaff and flag will be raised over the grave of Alexander Muir, author of "Maple Leaf."

What Miller Bill Means

Toronto, May 27.—The morality department officials announced this morning that the papers "Globe," "Mail and Empire" and "World" would be summoned tomorrow for printing a racing form. Inspector Kennedy contends this is contrary to the Miller Act.

C. N. R. NOT FOR SALE SAYS MR. DAN MANN

Denies That an Offer of \$50,000,000 for the Road Was Made.

Toronto, May 27.—There is nothing in the story that we have received, an offer of \$50,000,000 for the common stock and control of the Canadian Northern Railway. I have no knowledge of any such offer having been made but even if it had been we would not consider it or any other offer for control of the C. N. R. system.

This statement dealing with a story emanating from Montreal to the effect that an offer of \$50,000,000 had been made by British capitalists for the stock of the C. N. R. was made by Mr. D. D. Mann, vice-president of the C. N. R. today.

Suffered Terrible Pains From His Kidneys.

Perhaps no other organs work harder than the kidneys to preserve the general health of the body, and most people are troubled with some kind of kidney complaint, but do not suspect it.

There is no way of getting the kidney poisons out of the system except through the kidneys, and no medicine so effective in taking them out as Doan's Kidney Pills.

They help the kidneys to flush off the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and urinary passages.

Doan's Kidney Pills are entirely vegetable, and may be safely taken by old and young.

Mr. Donald A. Molan, Broad Cove Banks, N.S., writes:—"I was troubled with my kidneys for nine months, and suffered with such terrible pains across the small of my back all the time that I could hardly get around. After taking two boxes of Doan's Kidney Pills I began to feel better, and by the time I had taken three I was completely cured."

DISTRICT COURT HELD IN TOWN OF CLARESHOLM

A Number of Cases on Trial Before the District Judge

Clareholm, May 27.—The sports held on Victoria Day were a great success. They were under the auspices of the Y.M.C.A. If the Y.M.C.A. does nothing else but encourage healthy, manly sport it will be a great thing. Three years ago, Clareholm had a good amateur football and baseball team, but now the football team is a thing of the past.

The district court sat here today, when the following cases were disposed of:

Appeal, Tucker v. Crown against a conviction under the Medical Profession Ordinance for a breach of the same. This was dismissed owing to a technical error in the entry of the or appellant, J. W. McDonald, instructed by P. J. Nolan for the crown, W. M. Campbell.

Algers v. Erony, Houghton. Action on an account for plowing. Adjourned to Sept. 1. R. Watt for plaintiff, H. O. Haslam for defendant.

Griffiths v. McCauley. Adjourned to Sept. 22. G. G. Norris for plaintiff, Berg v. Breckenridge. Action on account for boarding men in the employment of John Breckenridge, contractor, for the Clareholm water works. Dismissed. J. R. Watt for plaintiff, H. O. Haslam for defendant.

The court was over by 1 o'clock.

Passed Through Comet's Tail

Montreal, May 28.—Capt. Robert of the schooner Minnie Maud of Gaspe now in port is convinced that his craft passed through the tail of the comet. On the night of the 15th when his schooner was off point De Monts about 250 miles below Quebec, the watch became conscious of a heavy sickening odor in the air, it became so oppressive that he could stand it no longer and called the captain and other members of the crew. All tied handkerchiefs over their mouths, inhaling the stuff having the effect of making them bilious. After half an hour a cold puff of north wind cleared the air.

"KISS NOT" BUTTONS

This is the Latest Fad for Girls in the Windy City.

(Chicago Inter Ocean)

Kissing is going out of style. Don't lose your head or your temper if the next time you bid your sweetheart a fond farewell and carefully and gently attempt to implant a loving smack on her ruby lips, instead of yielding with apparent reluctance she proudly displayed a glaring button with the words "Kiss Not" emblazoned thereon.

It merely means that she has become a member of the World's Health Organization and has signed the following pledge:

In order to encourage good health and lessen the spread of consumption,
