The prosecutor said that in consequence of having been swindled by entries made on betting slips with sympathetic ink, he had some suspicion about a paper which the prisoner Leaf handed him. On it only appeared the words, "1s. to win Mixed Powder, 4:30," and the name Grey. The prisoner said that the horse named was in two races. A few minutes afterwards, thinking he could see the faint outline of other words appearing, the prosecutor hurried off to the local police station and submitted

the slip to the police.

Detective Yard said he watched the gradual development of the paper, and a number of entries appeared, to all appearances in the same ink as the words "Mixed Powder." The paper finally read, "4s to win Miss Archer filly, 1.30—all on Hymenoeus at 2 o'clock—all on Grey Goblin." The signature Pope also appeared on the

FOOTBALL.

PROTEST TIGERS' PLAYERS. Toronto, Oct. 21. - A meeting of the sub-committee of the Ontario Rug-by Football Union was held on Monday afternoon, when a couple of protests were disposed of. The one from Parkhill, on the grounds that Stratford had played two men from Mitchell, was the cause of the match being played over again at St. Marys on Oct. 27. The dispute between Ingersoll and Petrolea was settled in the same way. This game will played on Nov. 14. Notice of a protest from the West End Pleasure Club of Hamilton was received. This club protests two of the Tiger players on the grounds of professionalism. Harvey, of the senior, and Veidenhammer, of the juniors, are the men protested. There was not sufficient evidence to deal with this case, and it will be dealt with at the next meeting of the committee.

WAS A FAST GAME. One of this season's most interesting and exciting games of football took Photo by Frank Cooper. A. and the Collegiate Institute, resulting in a score of 2 to 1 in favor of the latter. For the first time the Collegiate had its full team out, and judging from the score, it must be a strong one. The game was called at 5 p.m. by Referee Bryant, and for some time the ball was kept in play near the center. The Collegiate's forward line, being strengthened by the presence of Govenlock, finally made a rush, by a pretty shot, scored. Still the ball remained near the Y. M. C. A. goal, and Govenlock scored again. This, however, was not the last goal, for after half-time, and many exciting discus-sions on foul plays, the Y. M. C. A., by fast play, made a goal. mences On Saturday.

"The Filigree Ball."

The announcement made that The Advertiser has secured the exclusive rights to publish "The Filigree Ball" in serial form was of particular interest to all who had been reading "The Rose of Wentworth," which was ended in yesterday's edition, but it is anticipated that the number that will read Anna Katherine Green's remarkable story will be greatly larger. The widespread popularity of this book is known to nearly all our readers, and the exceptional opportunity that is now presented by The Advertiser to read it, while it is at the height of its success, is one that will be appreciated Every class of reader will thoroughly enjoy this high-class romance. It appeals to no distinctive class; it has qualities that satisfies the desires of all readers for a clean, well-written story in which the love element is strong and the complications varied, subtle and absorbing in interest. The lavish criticisms of "The Filigree Ball" that have been made from one end of the country to the other are as one in saying that it is one of the strongest, best-conceived and most thorougnly interesting stories that has appear-

ed in years. It would be altogether unpardonable to give even an inkling of the development of the story that will begin next Saturday, but it will be no encroachment upon the rights of the thousands who will read it in The Advertiser to say that "The Filigree Bail" concerns one of the most attractive and wealthy of Washington's society girls, the heiress of a great and distinguished family, who is found dead soon after her marriage. The strange mystery that surrounds that death and the unraveling of it forming a story that is absolutely unique in its interest. The name itself is chosen with regard to one of the principal points of the

For over thirty years we have treated and cured all forms of Blood diseases, both hereditary and acquired. Our New Method Treatment is original with ourselves, and never fails to eradicate the poison from the system. Beware of mercury and other mineral poisons, which so many doctors prescribe for this terrible disease, as they will ruin the system. Other treatments drive the poison into the system, whereas our treatment destroys the virus or poison in the blood and removes it from the system entirely, so the symptoms can never return. If you have any of the following symptoms consult us before it is too late: Blotches, eruptions or pimples; falling out of the hair, itchiness of the skin, stiffness or pains in the joints, soreness in the muscles, sore throat, ulcers or bad taste in the mouth, sore tongue, sourness of the stomach, erlarged glands, running sores, etc.

Our New Method Treatment will purify the blood, heal up the sores, remove all pains; the hair will grow in again, all organs will be restored to their normal condition, and the patient prepared to renew the duties and pleasures of life. We guarantee marriage possible with absolute safety.

Many are asking themselves whether it is derangement of the liver or kidneys that is causing them to suffer. So intimately related are these great filtering organs that one is seldom deranged without the other being also

# Torpid Liver and Kidneys.

It is surprising what a large proportion of every-day ills are due to disorders of the liver and kidneys. It was with this idea in mind that Dr. Chase prepared his celebrated Kidney-Liver Pills, and the extraordinary success of this prescription has made it indispensable in the home.

By their direct action on the liver these pills ensure a plentiful flow of bile (nature's own cathartic) and, by so doing, not only bring about a healthful action of the bowels but positively cure constipation.

At the same time the kidneys are invigorated, and kidneys, liver and bowels work together in ridding the system of the poisonous impurities Pains in the back, headache, lumbago, rheumatism, dyspepsia, biliousness, kidney disease and liver complaint soon vanish before the thorough

action of this medicine. The system is cleansed, the blood purified, and once again the organs of the body work in harmony and properly perform It is to the old people especially that Dr. Chase's Kidney-Liver Pills appeal. They prove effective when all other treatments seem of no avail and not only bring relief from the pains and aches, but restore vigor and activ-

ity to organs which have become sluggish and torpid. Mrs. W. Wilkins, Henry Street, Belleville. Ont., states:—"I suffered a great deal with pains in the small of the back, caused from kidney trouble. Whenever I stooped I could scarcely rise again, the pains were so great. The disease became so severe that it affected my general health and I was becoming run down. Since using Dr. Chase's Kidney-Liver Pills I can say that my trouble has entirely disappeared. I can speak in the highest terms of this medicine from the way it acted in my

Mr. Robert Jackson, Ship Carpenter, Port Robinson, Out., states:—"I was afflicted with kidney trouble and lumbago for thirty years. The winters were always very severe on me, and I was many times incapacitated. with all the serious symptoms of both troubles. I had backache, biliousness, rheumatism, headache and constipation, and was wrecked physically. I used all sorts of medicines and have been treated by the medical profession to no purpose. In the spring of 1902 I began using Dr. Chase's Kidney-Liver Pills, and from the start received great benefit. I continued the treatment until I fully recovered good health and vigor, my old trouble being a thing of the past. I am seventy-five years old, and if at my advanced age I have received such grand re-sults from the use of Dr. Chase's Kidney-Liver Pills after years of unnecessary suffering there can be no doubt of their efficacy in the treatment of younger persons. I recommend them to every ene. I have tried to think of words to express my gratitude, but it is beyond expression, for they have done more for me than I could have believed."
