What Thin Folks Should Do To Gain Weight

Physician's Advice For Thin, Underdeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs, who, having tried advertised flesh-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to lifelong skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strengthening, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. Leading druggists supply Sargol, and there is a large demand for it.

While this new preparation has given splendid results as a nerve tonic and revitalizer, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.

How Any Woman Can Remove Fuzzy Growths

[The Modern Beauty.]

Many beauty shops use a delicate paste for removing hair from the face, neck or arms. It is more satisfactory in every way than the electric needle. Enough of the powdered delatone and water is mixed into a paste and spread on the hairy surface for two minutes, then removed and with it every bit of hair. After the skin is washed it will be firm and free from blemish. To insure best results, buy the delatone from your druggist in an original package.

MILITANT WAYS DENOUNCED BY THE DELEGATES

The Convention Records Itself as
Against the "Shrieking
Sisterhood."

FAVOR FEMALE FRANCHISE

Regina Expected To Be the Next
Meeting Place of the
Union.

"That this convention express its most earnest conviction that the rights of citizenship be granted to women. We believe that votes for women would be a mighty force of uplift to our country, and in the reduction of intemperance and moral attendant evils. We regret the violent methods being used in connection with this great cause." The above was a resolution brought before the Dominion Convention of the W. C. T. U. on Thursday afternoon by Mrs. Asa Gordon, of Ottawa. In amendment, Mrs. Dettlor, of Ottawa, moved that the last clause be omitted from the resolution. Considerable discussion followed in favor of each motion. Miss Agnes Slack, of England, was present, and spoke earnestly in favor of the original recommendation. "No woman in Great Britain, who is trying to do anything to uplift the nation, or to do good, but is handicapped because of the violent methods of the militants," she herself had been frequently shadowed by the police, and it was most unpleasant. She believed the methods of the militants stood seriously in the way of the enfranchisement of women.

A standing vote on the resolution was taken, and carried by a vote of 26 to 21.

Greetings were extended from the Dominion and Provincial Alliance by Professor Bowman, Mr. Gordon Wright and Rev. H. A. Graham. Rev. and Mrs. Milne, of Aberdeen, Scotland, who are on their way to attend the World's Convention of the W. C. T. U. in Brooklyn, were introduced to the convention. They had expected to have reached London in time for the Wednesday evening meeting, but found it impossible.

The World's Convention.

Appointing of the delegates from the Dominion Union to the world's convention occupied a portion of the session's time. Mrs. Gordon Wright, of this city, who is a vice-president of the World's W. C. T. U., is among the delegates, and is the only W. C. T. U. member in Canada entitled to a voice on the World's executive.

The meeting place of the next Dominion convention was discussed, but not finally decided upon. It will probably, however, be held in Regina.

During the afternoon a song was delightfully rendered by Mrs. Paige, and Miss Parsons, of the London Conservatory of Music. The presentation of bouquets to Mrs. Ashplant, president of the local W. C. T. U., to Mrs. Milne, of Scotland, and to Mrs. Asa Gordon, retiring editor of the *Free-Press*, was also a pleasing feature of the closing session.

W. C. T. U. Issues Appreciative Resolution on Entertainment Provided.

The committee on courtesies of the Dominion W. C. T. U. desire that the pleasant duty and privilege which is theirs will not be formulated as a mere formal and official act, but will be performed in a spirit that will truly represent the appreciation of the W. C. T. U. delegation that has invaded the Forest City for nearly a week. The committee desires to thank the following:

To the members of the local union of this city for so kindly receiving us and placing their cosy headquarters at the convenience of the visiting delegation.

To the worship of the mayor and the aldermen for the civic reception so graciously tendered in the beautiful Normal School buildings.

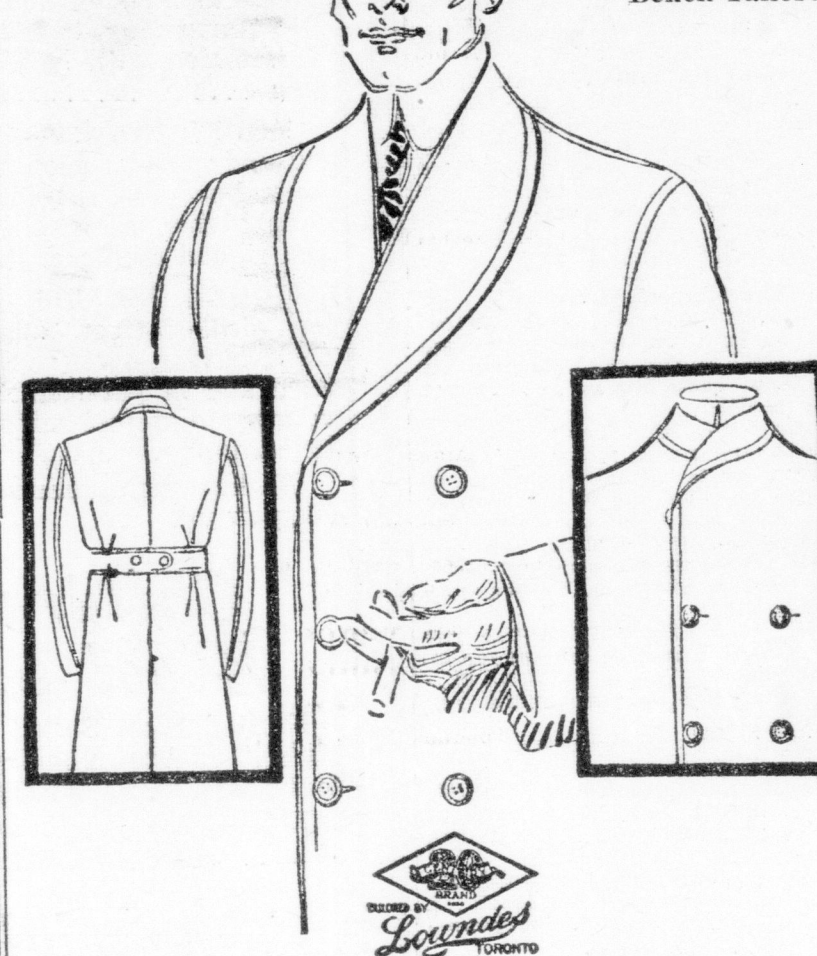

To the ladies of the various churches who so kindly provided the excellent lunches each day accompanied by words of greeting.

To the hostesses and hosts who welcomed us to their homes, and to those responsible for the auto ride around the city.

BEST REFERENCES.

Arthur Twining Hadley, president of Yale University, recalled a story from his early faculty days which should not be catalogued in the dry commencement records. He stopped in the middle of listing the benefactions given to the university in the past year to tell it. He had announced large gifts for scholarship funds; and it was just as well, he added, that these moneys had not come to the university some twenty or thirty years ago. They might have impoverished a considerable section of the student community.

"In those times," he went on, "it was the tendency to give free tuition to anyone that needed it without close inquiry into scholarship or character. I cannot forget quoting a story from my early days in the faculty. President Porter was reading a list of men who were recommended to receive scholarship aid.

"At the third or fourth name, some one—I think it was Elias Loomis—said: 'That man is a scamp.'"

"At this, Dexter spoke in his sharp, definite way.

"The committee felt that they had put that man on the list independently of his character," he said, "because he is studying for the Christian ministry."

Lassie McGregor, 2:14 1/4, that won the \$1,000 stake at the fall meeting in Toledo, is regarded as one of the best of the half-milers. She started eight times this year and won seven of the races. A price of \$10,000 was put on her some weeks ago and a Detroit man considered buying, but thought the figure a bit stiff.

Great Scott, 2:07 1/4, that won two races at Columbus, is owned by Al. Fennick, who picked the gelding up in Kentucky. By San Mateo, his first dam is Hamlet, by Twilight, a son of Hambletonian 16.

When was Peter Volo fouled? Some say that it happened one minute after midnight on Dec. 31.
