Also called Catarrh of the Bladder.

A Positive Cure. FOR MEN OF M. V. LUBON'S SPECIFIC NO. S, THE GREAT HEALTH REVEWER, the terrible consequences of Indiscretion, Exposure and Overwork.

Who are broken down from the effects of abuse will find in No. 8 a radical cure for nearous debility, organic weakness, involuntary vital losses, etc.

BYMPTOMS FOR WHICH NO. 8 SHOULD BE USED.—Want of configure, vertigo, want of purpose, dimness of sight, aversion to society, want of confidence, avoidance of conversation, desire for solitude, listlessaces and inability to fix the attention on a particular subject, cowardice, depression of spirits, giddiness, loss of memory, excitability of temper, spermatorrhoea, or loss of the seminal fluid—the result of self-abuse or marital excess—impotency, insutrition, emandation, barrenness, palpitation of the heart, hysteric feelings in females, trembling, melancholy, disturbing dreams, etc., are all symptoms of this terrible habit, oftentimes innocently acquired. In short, the spring of vital force having lost its tension, every function wanes in consequence. Scientific writers and the superintendents of insane asylums units in ascribing to the effects of self-abuse the great najority of wasted lives which come under their notice. If you are incompetent for the arduous duries of business, incapacitated for the snjoyments of life, No. 8 offers an escape from the effects of early vice. If you are advanced in years, No. 8 will give you full vigor and strength. If you are broken down, physically and morally, from early indisoration, the result of ignorance and folly, send your address and 10 courts in stamps for M. Y. Lubon. Address all communications to H. V. Lubon. AT Weilington St. E., Torento.

A Permanent Cure. \*

M. V. LUBON'S RUPTURE REMEDY-For the Speedy Relief and Permanent Cure of Hernia or Rupture. Remedy must be applied exactly in accordance with the dire tions accompanying each package. The Remedy allays inflammation, separates adhesions, softens indurations, and strengthens the abdominationally, so that in a few weeks or a few months, depending of course upon the age of the patient and the length of time he has been ruptured, the use of the truss may be entirely discontinued. A box of the Remedy for a single rupture usually lasts six or eight weeks, and in recent cases is quite sufficient to effects permanent cure; double rupture and cases of long standing naturally require a larger quantity. Young children are often quickly cured without the aid of a truss by simply applying the Remedy morning and evening, rubbing it well in with the hand while the child is lying down. If, however, the good effects of the Remedy are not apparent after several days use, I would recommend that a truss be obtained. Trusses alone fail to cure; but Lubon's Remedy, with the aid of any good truss, never fails.
