A SPLENDID TONIC FOR WEAK PEOPLE Dr. Williams' Pink Pills Act On The Blood And Nerves.

Food is as important to the sick person as medicine, more so in many cases. A badly chosen diet may retard recovery. In health the natural appetite is the best guide to follow; in sickness the appetite is often fickle and depraved.

Proper food and a good tonic will keep most people in good health. Dr. Williams' Pink Pills are a fine tonic medicine, harmless and certain in their action, which is to build up the blood and restore vitality to the run-down system. For growing girls who are thin and pale, for pale, tired women, and for old people who fail in strength, Dr. Williams' Pink Pills are an ideal tonic. Thousands have testified to the benefit derived from the use of this medicine, among them is Mrs. William Gallie, Hantsport, N. S., who says: "Before I began the use of Dr. Williams' Pink Pills I was so weak and run down that I could hardly do my own work. I often suffered from headaches and was very nervous. I then began the use of Dr. Williams' Pink Pills and I can truthfully say I have found them the best medicine I have ever taken. You may depend upon it I will advise other sufferers to take these pills."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

INCORRIGIBLE BOYS

Sarnia, May 2—The disposition of two small Russian boys, known as Pete and Mike, aged eight and ten years, is puzzling John Wilkinson, secretary of the Children's Aid Society, and the local police authorities. These two boys ran away from London some time ago and were located here and returned, being placed at Mt. St. Joseph. Again this week they disappeared from London and were located here existing in cavernous style. They had erected an impromptu shelter for themselves in a local lumber yard, and in their forages for food took the dinner buckets of workmen employed nearby.

The mysterious disappearance of about five full dinner buckets led to the detection of the boys. A married sister residing here was the magnet which drew them to this city. The London authorities are not desirous of taking them back, expressing the belief that they can do nothing with them. Their parents are dead and the Children's Aid Society is not prepared to take them in as wards owing to their religious faith. They are at present residing with the sister, but she is not in a position to take care of them permanently.

EXCUSES NOT ACCEPTED AT TAX OFFICE

Monday was excuse day at the district office of the income tax department, London, and the many varied reasons given by delinquents for their failure to pay up on Saturday were interesting though ineffective. It was explained to these late comers that the law provided of no consideration and that irrespective of the nature of the excuse or what made it every citizen failing to file and pay at least 25 per cent. of the amount of tax on or before Saturday last must pay for that delinquency. Consequently not a few of the callers registered anger and after paying departed with threats to see about it.

One gentleman whose tax was \$8.10 arrived and jauntily tendered the amount. He was referred to a higher authority by the cashier to whom the payment was proffered, and inquiry elicited that he had not only failed to pay in time, but he had also omitted to file a statement of his income. For each offense he was penalized \$5, so his total contribution to the treasury of the country is \$18.10.

In another case where the amount due was \$200 a fine of \$50 was imposed and paid without grumbling. But in most cases those fined put up strenuous though unavailing kicks. Monday the staff got around to the opening of Saturday's mail, of which they found more than a dozen sacks awaiting them. A large proportion of the largest payments were mailed to the office on Saturday and are to be found in the pile of letters on which the staff is now at work. While \$500,000 is the largest single payment received, there is also one of \$250,000 and several ranging between that sum and \$100,000. Payments of from \$10,000 to \$50,000 are fairly numerous, while one check from outside of the city was drawn for six cents.
