on the protestimate of the first companies of the second second of the second second of the second o in the project as a Government measure, and their opposition. [Glenner. we shall surprised if the Representatives the People do not arrive at the same conclusion. sion. But we have at present only to the of the funds; it will be an after consideration how to expend them, with the greatest advas.

THE TRIBUTE TEASON—SHEEP WHICH A company the first the company the first the company that the company the first the company that the company t

the same time we think it can be demonstrated that the responsibility would be more in name that it reality, if the Railroad were commenced point a principle that would keep in free from the influence of politics, and the responsibility members of the Assembly from the other side was the condition of men of all parties. All would then feel an equal interest to promote the greatest economy in its consistency and to encourage its success when put into operation. We have no confidence in they proved they proved they provided they are the project as a Government measure, and they have a line we presume they will cease they provided they have a line we presume they will cease they provided they have a line we presume they will cease they provided and trust and was elected Alderman of Kings.

Their opposition—[Gleaner.

An ingenious mechanic of Circinnati' has recently invented a chern, which is said to excel anything of the kind now in use. It is excellent Moore, and Mechanics' Stellement.

King's County, was destroyed by fire, with the four ic five minutes.

An ingenious mechanic of Circinnati' has recently invented a chern, which is said to excel anything of the kind now in use. It is in unswering integrity and uprightness of his unswering integrity and uprightness of character, the respect and esteem of all classes of his fellow citizens.
