FOR THE KIDNEYS

Succeeded Where Operation Failed!

"During August last I went to Montreal to consult a specialist. I had been suffering terribly with Stone in the bladder. He had decided on an operation and was assisted by another doctor. They said the calculus was larger than a bean and too hard to crush and they bought a box and found relief from the pain at once. I did not expect that they would give me so much relief from the stone, but to my great joy I passed the stone on October 2nd and am now a well man and very happy."

J. ALBERT LESSARD.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and give with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and other ailments. At any drugstore.
