National Mine, Mich. — Through the intercession of St. Anne, a young man recovered his sight ; his Physician declared that an operation was necessary and that he would lose an eye. He thanks his good benefactress and wishes to publish his cure in the *Annals*. A SUBSCRIBER.

S. Liguori. — My wife suffered for twelve years from an illness which the Physicians could not cure. Some years ago, she made a pilgrimage to St. Anne de Beaupré ; she was obliged to return after having travelled fifteen miles, and promised to return as soon as she was able. Sometime afterwards feeling still unable to undertake such a journey, she bought a statue of St. Anne and presented it to this parish church. She was soon cured and now enjoys perfect health.

St-Romuald. — In the beginning of January, we received from one of our St. Romuald subscribers the following relation. « I suffered three years from a very sore finger. I promised St. Anne that if she cured me, I would publish my cure in the *Annals* and sign the two initials of my name. She obtained my cure, so now I hasten with a grateful heart to fulfil my promise.

Gratitude ! Honor ! and Glory to that beloved Mother. » C. M.

Would you please publish in the *Annals* the cure of my husband who suffered from a disease of the stomach, and of myself from nevralgia which caused me great pain. Thanks to St. Anne.

Please publish in the *Annals* several cures and special favors especially obtained, the obtaining of two diplomas and finding a good situation.

I have for a long time neglected to publish in the *Annals* of St. Anne, several favors received from the Good Saint. I ask pardon for my negligence and hope that St. Anne will continue to grant my prayers. Love, honor and glory to her whom we never invoke in vain.
