
Fourth Edition Now in Preparation

In these days of time-saving appliances, where each fraction of an hour has a money value, your office is no more complete without a reliable book of reference in your own special trade than it is without a letter book or letter file.

To show how the **Canadian Textile Directory** has been appreciated, we may mention that the first edition, printed in 1885, contained 217 pages, while the third edition made a volume of 500 pages.

This book gives facts, lists and statistics that are to be found in no other publication in Canada, and deals with every department of every branch of the textile trades from the manufacturers down to the retail trade, in each branch covering the whole Dominion. Suppose, for instance, you wish to know every woolen manufacturer in the Dominion, this book gives them, telling you the particular class of goods each mill makes, who their agents are, who their officers are, how long the mill has been established and its capacity, etc. So it deals with all other branches of textile manufacturing. It would be impossible to tell, in the compass of this page, all that it does contain.

You will save time and money by having this book, and you will possess a mine of information which will give you a great advantage when occasion requires. Send for a circular, and you will be convinced of the value of the work. By subscribing before publication you will save \$1.00, and yet you are not required to remit till the book is delivered.
