#### ONTARIO PULMONARY INSTITUTE

No. 135 Church Street, opposite the Metropolitan Church, Toronto, Ont. M. HILTON WILLIAMS, M.D., M.C.P.S.O., Proprietor. The only Institute of the kind in the Dominion of Canada.

All diseases of the respiratory organs treated by the most improved Medicated Inhalations, combined with proper constitutional remedies.

Nearly 40,000 cases successfully treated during the past sixteen years for some form of head, throat, or lung troubles. Out of the thousands of deaths that have occurred during the year 1881 throughout the Dominion of Canada, represented by over fifty distinct maladies, causing the sacrifice of human life, more than one-fourth were caused by diseases of the throat and lungs. What does all this mean then? It means that every fourth person we meet in the thoroughfares of business and pleasure, is doomed to a premature death by disease of the throat and lungs—some falling this year, some next, and so on. Such is the lesson taught by the experience of the past.

#### WILL THE READER STOP

and reflect on the fact and try to understand what it means?

It means that nearly one-fourth of the people who die in this country are destroyed every year by head, throat and chest diseases. The deaths have been almost as numerous as the cases treated. Can you doubt that the same results will follow the continuance of the same treatment in the future? What then is the remedy? The prompt adoption of a thorough, direct and curative treatment by inhalation in every case. The disease must be attacked at its seat, the remedies must be applied by inhalation or they cannot be got into the lungs; every hope of life to the patient depends on preventing coagulation and inflammation within the chest, and on clearing and keeping the air tubes free from obstruction of mucous or pus. Do this, and from that moment the patient begins to improve, fall to do this and he goes steadily downward and soon reaches the state of hopeless disorganization.

I have seen so many of these cases saved by inhalation that I cannot doubt its curative powers or regard any case necessarily hopeless unless both lungs are extensively involved. The great value of inhalation in the treatment of all Head, Throat and Lung complaints has been endorsed by all the leading medical journals of England, France and Germany.

### Horse and Cattle Food

Used by the leading stock raisers. See their testimonials in our Illustrated Almanac, with Produce Table for Live Stock, sent free on application.

#### —TESTIMONIALS:—

Ontario Agricultural College, Guelph, June 30th, 1882.  
To the Empire Horse and Cattle Food Co.  
DEAR SIRS.—We have made a thorough trial of your "Empire" Food during the last two years, and can with confidence recommend it to those requiring to tone up, top off, appetize, and generally invigorate all kinds of live stock.  
Yours, WM. BROWN,  
Prof. of Agriculture and Farm Supt.

Norwich, May 4th, 1882.  
D. A. Kirk, Druggist.  
DEAR SIRS.—During the past winter we have used several kinds of horse and cattle food in feeding our large stock of cattle, such as "Thorley Improved," "Yorkshire," and "Empire," and we unhesitatingly pronounce the "Empire" to be the best, after giving it an impartial trial, and would recommend it to all who keep live stock. One animal that was fed on the "Empire" Food gained 110 pounds in 26 days, or at the rate of 4.34 pounds per day. Yours truly,  
A. J. STOVER & SONS,  
Breeder of Shorthorn Stock.

Manor Farm, Gowan Station, May 1st, 1882.  
Empire Horse and Cattle Food Co. Mitchell, Ont.

GENTLEMEN.—Yours of May 1st to hand. I shall be obliged by you sending me 300 lbs. more of your Food to Gowan Station. With regard to this article, having used it both in this country and in England, I think I am justified in giving my opinion on the matter. I think it is quite equal to, and probably better than any other food of the kind. My stockman here is well satisfied with it, and tells me that its use is easily seen in the handling of the animals he feeds it to, and I am sure for myself that it is an article well worth using. Yours,  
C. C. BRIDGES,

Shanty Bay P. O., County of Simcoe, Importer and Breeder of Herford Cattle, Shropshire, Down and Southdown Sheep.

Woodstock, Jan. 14th, 1882.  
GENTLEMEN.—I have used your Empire Horse and Cattle Food for horses in my stables during the last fall. My horses, especially brood mares and colts, were very low in flesh from an attack of influenza contracted while at pasture. I was recommended to try your Food, and I have much pleasure in recommending it to horsemen. Yours,  
M. BURGESS,  
Importer and Breeder of Thoroughbred Race Horses and Stallions.

Stratford, Ont., June 29, 1882.  
To the Empire Horse and Cattle Food Co., Mitchell, Ont.

GENTS.—After giving your Horse and Cattle Food a trial, we have just purchased a further supply, which is the best testimonial we can give as to its merits. I may say that formerly one of our horses, when heavily driven, would sometimes lose its appetite. Now it is always ready for its food. Since using your Food our horses have done their work well, and kept in good condition. When in England, I visited the Thorley Manufacturing, and when visiting yours in Mitchell I could not help noticing the sameness, both as regards smell and appearance of the ingredients used at both places, and have every confidence that your Food is identical in all its essential ingredients with that which has caused Thorley's name to become a household word in England, and has given his celebrated food such a world-wide reputation.

I am yours truly,  
W. E. SHARMAN, (Gadsby & Sharmar)  
Marble Works, Stratford.
