His enthusiastic admiration of the character and exploits of Napoleon—the devotion with which he worshipped his memory, and the delight he received whilst recounting his memory, and the behaviour—rendered his company exceedingly agreeable, and will cause his loss to be severely mourned.—Galt Reporter.

DR. WISTAR'S BALSAM OF WILD CHERRY.

[From the Fall River Monitor, Mass.] This medicine, prepared by a long experienced and skillful physician, tested and approved by a great number of intelligent, distinguished, and respectable persons in various parts of the country, is now received and used with entire confidence, and with great success by those afflicted with pulmonary complaints. It is also recommended as a valuable medicine for other diseases, such as colds, coughs, and particularly diseases whose tendency is to consumption. Should its efficacy continue as it has thus far proved in various obstinate cases, it will indeed be a most invaluable medicine.

THE BISHOP OF TORONTO

AND THE CHURCH UNIVERSITY.

THE exertions of the Bishop of Toronto having been indefatigable to obtain for the inhabitants of the Province, a College in which Religion will be the basis of instruction for the rising generation, a debt of gratitude is thereby due to his Lordship, of which some testimony should be given. This it is proposed to do, by placing in the Hall of the future College a Full Length Portrait of his Lordship, to be painted by the well known Painter of the celebrated Picture of the "Waterloo Banquet at Apsley House" a facility for obtaining which is now afforded before his Lordship leaves London.

In furtherance of these views a Committee has been formed, who, relying that the call now made will be responded to by the friends of Religious Education in the Province, have already forwarded instructions to Mr. Salter, and written to his Lordship on the subject. In the event of the subscriptions exceeding (as it is hoped they will), the expense of the Portrait and being adequate for the purpose, it is intended to have the Painting Engraved, and to present each Subscriber of a pound and upwards with a copy of the work.

Subscriptions will be received at the Bank of Upper Canada in the name of the Committee, the Chairman of which is the Hon. the Chief Justice, or by Mr. Champion at the Church Depository, where the subscription list lies.

Registered and Empowered under Act of Parliament,

7 and 8 Victoria, Cap. 110.

CAPITAL £500,000 STERLING.

GOVERNOR:

The Right Honourable the Earl of Elgin and Kincardine,

Governor General of Canada, &c., &c., &c.

HEAD OFFICES:

EDINBURGH, 1, George Street.

LONDON, 4, A. Lothbury.

GLASGOW, 35, St. Vincent Place.

MONTREAL, 49, Great St. James Street.

THE Directors of the Colonial Life Assurance

Company being desirous to afford all those advantages to their Policy-holders in this country, which are commanded by Assurers in Great Britain, have invested the Board in Montreal with full powers to examine into and accept proposals, putting the Company on the risk, at once, without communicating with the Parent Board.

A party has it thus in his power to effect an Assurance on his Life immediately, without incurring the delay to which Life Assurers in this country have hitherto been subjected, from the sanction of the Head Board being required to complete the transaction; the deliverance of the Board at Montreal being final and irrevocable.

This arrangement gives to the Colonial all the facilities of a Company essentially local; and, combined with the additional advantage of a large Guaranteed Capital, affords the most perfect security in all Assurance transactions.

The Colonial Life Assurance Company

has been established for the purpose of extending the benefits of Life Assurance to the Colonies of Great Britain, and affording increased facilities to persons assured in passing from one country to another. The success which has attended its operation testifies how greatly such an Institution was required, and how much it has been appreciated.

IN BRITISH NORTH AMERICA

The Company has been received by all classes in the most satisfactory and welcome manner, and the number who have connected themselves with it by Assurance, show how very much such an Institution on a broad and liberal basis was required.

THE CAPITAL OF THE COMPANY

Gives complete security for all its transactions; and parties dealing with the Office incur none of the risks of Mutual Assurance.

THE RATES

Adopted have been framed after a most careful and searching inquiry as to the value of life in different countries, and the Directors are confident that they have adopted a scale as can be held, compatible with safety.

PROGRESS OF THE COMPANY.

The Colonial commenced business in 1846, and the result which has attended its operations fully bears out the anticipations of success
