RAILWAY NOTES.

Mr. Senecal's demand for a subsidy for the railway from Quebec to Tadoussac, says a despatch to the *Globe*, is condemned by all honest people who have the interest of the Province at heart. A railway to Tadoussac is looked upon by commercial men in Montreal as of no more necessity than a railway to the Poie.

The shareholders of the Canada Pacific Railway Company met on the 27th., in Montreal. There were present Messrs. R. B. Angus, George Stephen, Hon. D. A. Smith, J. J. Hill, of St. Paul, and Messrs. Kennedy and Bliss of New York. The object of the meeting was to increase the capital of the company from \$25,000,000 to \$100,000,000. This having been accomplished, the meeting adjourned.

A dividend of 6 per cent, was declared on Tuesday upon the preferred stock of Erie.

The first regular train left Winnipeg for Morris on December 1.

About 40 new engines have been built for the Canada Southern.

Trains are expected to be running on the Essex Centre out-off of the Canada Southern by the 15th.

The difficulty between the Canada Southern and Grand Trunk railroads relative to the alleged excessive tolls charge by the latter over the International Bridge between Fort Erie and Buffalo, and the Suspension Bridge has resulted in the Canada Southern closing a contract for the erection of a new suspension bridge over the Niagara River a quarter of a mile south of the old suspension bridge. The new bridge will be ready for traffic on Sept. 1st 1883. The right of way on the Canada and American sides, and ample yard room, have been secured and a depot located. This means close connection under the New York Central and Canada Southern alliance.

The Intercolonial is at present carrying very large quantities of freight. There is some drawback experienced, however, owing to the want of box cars.

It is now explained, says the *Moncton Transcript*, that Mr. Schreiber remains Chief Engineer of all the Government railways, while Mr. P. S. Archibald acts and signs as Chief Engineer of the Intercolonial Railway.

The Grand Trunk earnings for the week ended 25th ult. were \$380,444, an increase of \$70,434 over same week 1881. The earnings for fifteen weeks were \$5,463,241, a gain of \$667,000 compared with last year.

An order has been issued through Mr. Stiff Superintendent of the Great Western Division of the Grand Trunk Railway, to enlarge the foundry recently erected in the Hamilton yard. The premises are to be so enlarged that all the wheels and other castings required for the road west of Toronto can be made there. The sections of road for which the castings will be made are the Great Western division, the Grand Trunk main line, the Wellington, Grey, and Bruce, and all other branches west of Toronto.

Interesting tables, relating to lumber and phosphate exports from Montreal, compiled by Messrs. Anderson, McKenzie & Co., are published in the Montreal morning journals of Tuesday. From them we learn that 21,733,000 feet lumber was shipped per sail from Montreal to the River Platte, this year, against 12,865,941 feet in 1881, and 8,566,034 in 1880, showing an increase of 75 per cent upon those of last year. The quantity of deals shipped from Montreal to the United Kingdom for the season just closed amounted to 44,868,125 feet, against 21,838,287 feet in 1881, and 19,784,885 feet in 1880, being over 100 per cent. increase over last year. These shipments extended from 12th May to 25th November; 97 cargoes with 1,211,000 feet were taken by steam, and 32 with 410,286 by sail. From Pierreville, down the St. Lawrence, 2,193,000 feet were dispatched to V. K. Phosphate exports from Montreal were increased by 50 per cent in 1882 over 1881. Here are the figures: Exports of phosphate from Montreal to the United Kingdom and the Continent, 15,556 tons, against 10,307 tons in 1881 and 7,500 tons in 1880. These shipments were made per 28 steamships and 29 sailing vessels.

A BARQUENTINE of 135 feet keel, measuring 400 tons, the *Hornet*, was launched last week at Sandpoint, N.B. Messrs Scammell Bros., of St. John, have chartered her to load for Lisbon, Spain.
