ACKNOWLEDGEMENTS

The Members and Staff of the Special Committee wish to express their appreciation to the Minister of Supply and Services, and to the Management and Staff of the Government Printing Office, Main Plant Branch, for the enthusiastic co-operation and high level of expertise which has contributed greatly to the success of the Committee's reports during the past two years. The Committee wishes to extend special thanks to Mr. Keith Sutherland, who planned the production of all reports. His dedication and skill have greatly facilitated the Committee's work since 1980.
