PRINCIPAL AND VICE-CHANCELLOR
L. W. DOUGLAS

19th January 1938

Dear Mr. McCarrey,

I have received your letter of the 17th January.

The Registrar tells me that you received the degree of Doctor of Veterinary Science in the year 1896 and I am enclosing his certificate to this effect. To get a duplicate diploma would cost you \$10.00 and I assume that you would not wish to go to this expense and that the certificate will serve your purpose. However, if you care to send \$10.00 we will bring the matter before the proper body and have a duplicate diploma made for you.

Fidelity
Yours very truly,
