Ottawa, 15th May, 1920.

My dear Webb,-

I had only a brief opportunity last night to thank you for your kind telegram of congratulation. I wish to assure you that I appreciate what you have said very very much indeed. It is an encouragement to know that the associations formed during the war are real and lasting.

I am looking forward to my work at McGill with much interest. Possibly I may be able to help the University to instil into the lives of its graduates something of the spirit of the old Corps.

with renewed thanks and good wishes,

I am,

Ever yours faithfully,

Lt.-Col. R.H. Webb, DSO., MC.
