

- Knee-joint**, injury of, excision for, 868
loose bodies of, removal of, 887
operations involving, 862
Stokes's supracondylar amputation of, 856
- Knees**, operation to straighten, 974
- Kocher's** angular incision for malignant goitre, 622
antral operation for neurrectomy of second division of fifth nerve, 368
"high" collar incision for excision of larynx, 594
modification of Ollier's incision of elbow-joint, 157
modification of Syme's operation for removal of tongue, 540
posterior curved incision for excision of shoulder, 218, 220
thyroid enucleator, 628
- König's** operation for hare-lip, 485
- Krause-Hartley** operation on Gasserian ganglion, 372
- Krause's** antrum cannula, 434
nasal polypus snare, 460
retractor for exposing the Gasserian ganglion, 375
- Kuttner's** operation, 386
- Laminae**, fractures of, 989
- Laminectomy**, causes of failure and death after, 1001
contra-indications, 992
(hemilaminectomy) for division of nerve-roots, 998
in cases of injury, 987
indications for, 991, 996
in extradural tumour, 997
in fracture-dislocation of spine, 995
in gunshot injuries, 990
in inflammatory disease, 991
in intramedullary tumour, 997
in penetrating wounds, 990
operative details, 994
treatment of the wound, 1000
- Lane's** cleft-palate gag, 508
infusion bag, 41
method of operation for cleft palate, 516-522
needle holder and needles, 517
plates in fracture of tibia, 920
skull-cutting forceps, 312
subcutaneous infusion apparatus, 40
- von Langenbeck's** method of cheiloplasty, 493
operation for cleft palate, 507
for malignant growths of nose, 468, 470
- Laryngeal** nerve, recurrent, injury to in operation on thyroid gland, 634
papillomata, treatment of by tracheotomy alone, 561
- Laryngectomy**, complete, 592
indications for, 593
operation of, 593
technique of, modifications, 597
- Laryngitis**, acute, tracheotomy for, 580
membranous, intubation in, 575
tracheotomy for, recoveries after, 564
right time for operation, 564
- Laryngoscopy**, direct vision, 604
- Laryngotomy**, 562
complications of, 597
indications for, 562
operation of, 562
preliminary, question of, in operations on tonsils, 555
- Larynx**, cancer of, 582
examination of, for foreign bodies, 606
excision of, partial or complete, 582
growths of, removal, after-treatment, 600
dangers and cause of death following, 600
extra-laryngeal operations for, 582
thyrotomy for, 585
half of, removal, 590
innocent growths of, removal, 609
intubation of, advantages, 576
disadvantages, difficulties, and dangers, 577
O'Dwyer's method, 579
substitute for tracheotomy in membranous laryngitis or stenosis of the larynx, 575
technique, 579
withdrawal of tube, 579
malignant disease of, tracheotomy for, 580, 582
papillomata of, 561
scalds of, tracheotomy for, 581
spasmodic affections of, tracheotomy for, 581
stenosis of, 575
syphilitic ulceration of, tracheotomy for, 580
tuberculous ulceration of, tracheotomy for, 580
- Lateral** position in operations, 22
- Lateral** sinus, injury to, in operation for acute mastoid abscess, 342
thrombosis of, complicating otitis media, 353
septic, operation for, 359
- Le Dentu's** method of tendon-suture, 95
- Leg**, amputation of, 904
by lateral flaps, 905
flaps in, 904
lateral skin flaps, with circular division of muscles, 905
methods, 904
operation, 905
Bier's osteoplastic method of amputation, 906
contractures of, severe, 973
operations on, 898
paralysis of, tendon transplantation in, 108
Teale's amputation of, 907
- Ligaments** of foot, division of, 962
- Ligature**, in treatment of navi, 404
of anterior tibial, 902
of arteries, 49
in buttock and thigh, 835
in head and neck, 670
of common femoral artery, 837
of femoral artery in Hunter's canal, 843
of innominate, 710
of middle meningeal artery, 266
of peroneal artery, 904
of popliteal artery, 894
of posterior tibial artery, 898
