NOTE.

We wish to inform the kind reader of the pages of this little pamphlet, that the Letters have the sounds of the Latin Alphabet. The special type, 'g' we made use of, represents a very sharp guttural sound; the common 'r' comes nearest to it. Small 't' sounds very much like a 'tl' or 'gl' it represents the peculiar sound of the native speaker.

The Printers.

NICHOLIA;

IVAN;

ALECK;
