

PLATE II.  
THE ZEBRA CATERPILLAR. (*Cetamea pica* Harr.)

1. Egg-masses on leaf; insert, single egg greatly enlarged.
2. Newly hatched caterpillars—time for treatment.
3. Mature caterpillars—too late for treatment.
4. Pupa—dorsal and ventral view.
5. Adult moths at rest on leaf.
6. Moth with wings expanded.
