RAILWAY STRIKE **CERTAIN UNLESS PAY INCREASED**

Men Decide To Walk Out If Old Scale Not Returned.

CONFERENCE TUESDAY

Mayor Thinks an Agreement Yet May Be Reached On Wages.

Conference between the street railway company and its employees today was prevented by the absence of Manage, C. B. King and Superintendent H. Humeston. They have promised to meet the men Tuesday.

In the event of the union executive deciding on a strike, it will not take place before Wednesday, as the men intend to give the public ample warning if this course of action is intended. It is understood the absence of the street railway officials is not connected with the negotiations. They have been subpoenaed as witnesses in a lawsuit at

Sarnia, it is understood Mayor Somerville said today that the city was making no plans to take a hand in the matter, as the situation so far did not require it Not Yet Notified.

"We have not been officially notified the street railway will lower the men's wage scale. While they are not bound to notify us of such action, I think it is likely that they would. At present there say whether we would consider asking the Ontario railway board to step in here. At any rate I don't know of anyone in the city council considering this."

At 3:15 the men gathered at the ar-

DAY OF JUDGMENT NOT WHOLLY TIME OF TERROR

W. A Thrutchley of the International Bible Students' Association addressed a crowded meeting yesterday afternoon at Hyman Hall on the subject, "The Hyman Hall on the subject, "The World's Judgment Day; Is It Here?" The speaker contrasted the prevalent idea that the judgment day would be wholly and solely a time of terror, anguish and misery, with the scriptural version that whilst trouble marks the opening phase of the great day, yet great blessing will result to all mankind, through the Christ to whom God had committed all judgment.

The Bible testifies that God has appointed a day in which he will judge the world, therefore the logical conclusion would be that none had yet received judgment, save the church, whose trial time is through this gospel age. That all would have one fair chance of choosing for themselves either eternal life. W. A. Thrutchley of the International of committees represent-schools, Technical School Institute met in Alex-aturday. Reports re-aturday. Reports re-

ANNIVERSARY SUNDAY

CELEBRATED IN TWO

LEADING CHURCHES

First Presbyterian and Centennial Observe Anniversaries With Special Services.

The First Presbyterian Church celebrated its \$7th anniversary on Sunday with special services. Rev. Thomas Eakin, Ph.D., of New St. Andrew's Church, Toronto, was the speaker at both morning and evening services.

Ommended to the city council by a special committee from the Fair board. The board at a meeting Saturday aftermoon determined to take this step by a unanimous vote and fixed the estimated cost at this amount. Opposition to the plan is expected from residents of Egerton street, whose home will have to be removed in order to make the extension possible. Discussing the matter, members of the board said that it was absolutely necessary to extend the grounds if the Western Fair was to maintain its leading position. It was impossible to obtain new grounds because of the immense cost, and the only plan left, they claimed, was to extend eastward.

Home owners would be well recompensed for their property they said.

Is Extension Favored?

City Clerk S. Baker was present at the meeting. The members of the Fair board wished to know if it would be possible to submit the ballots to the people. On asking whether they favored the purchase of the new grounds. Mr. Baker thought it would be better to confine the voting to one question. The committee appointed to lay the matter before the city council consisted of Dr. Rutledge, George McCormick, Arthur Little, W. N. Manning and Littlett.-Col. W. M. Gartshore. The mother than this action be taken was made by William Moore and seconded by Ald. E. S. Little ommended to the city council by a special committee from the Fair board

Special music was given by the choir,

NAVY LEAGUE FUND NEARING OBJECTIVE OF \$10,000 IN CITY

The Tag Day Netted About \$900.

The excellent turnout of women, especially I. O. D. E. members and members of the Hadassah Chapter, as well as a whole brigade of small navy boys, for the Navy League tag day on Saturday, resulted in a collection of what is estimated will amount to \$900. By Saturday night returns to the amount of \$850 had been received with the boxes yet to count.

After the three days' canvass by the men's teams under the convenership of H. E. Gates, ending last Thursday, the amount collected was \$7.500. Since then a few more collections have been made and as the campaign is being extended until Wednesday next. there is every hope that London's objective of \$10,000 will be reached.

Interesting features in connection with the campaign were the appearances of the navy boys at the Majestic Theory during the singing of a play. Theatre during the singing of a new popular song, and a church parade to St. Paul's Cathedral Sunday morning, when a section was reserved for the boys in naval uniform.
