Tone of Mining Stocks Good Cobalt Camp in Fine Shape

MONDAY MORNING

Business Satisfactory, Tho not up to Previous Week - La Rose, Crown Reserve and Beaver Strong.

World Office, Saturday Evening, May 29.

Altho business at the local mining exchange this week was hardly up to the standard of last week, brokers had nothing to grumble about and the

The chief gains of the week were registered in Crown Reserve, La Rose and Ophir. Crown Reserve came into prominence towards the end of the week, the demand coming from Montpoints, tho the highest point touched was 28 cents abouve last Saturday's close. The demand for La Rose was points up. The buying was chiefly for local account, the New York picked some stock on this market. Ophir was advanced 18 points, with practically few transactions, and this stock is certainly well held. s certainly well held.

The most active stock was Beaver. wandered into the Paxton farm house nearby, where he turned on the light,

BELMONT SILVER MINES OF KERR LAKE, LTD

(No Personal Liability) Incorporated Under The Ontario Companies Act

AUTHORIZED CAPITAL

Divided into 2,000,000 Shares of the Par Value of \$1.00 each. Fully Paid and Non-Assessable

Directors-President, James Curry; Vice-President, Hon. George T. Baird; Secretary-Treasurer, Whitfield Vandusen; T. W. Horn, J. A

Bankers-Metropolitan Bank, Toronto. Head Office of the Company, 29 Jordan-street, Toronto.

I offer a limited portion of fully paid-up shares of \$1.00 each, price 25 cents per share. The Compayn owns:

(1) The Northeast part of Lot No. 2, in the 4th concession of the Township of Coleman, free of encumbrance and exempt from all royal This property consists of forty acres in the rich Crown Reserve, Kerr Lake District, directly adjoining the well-known Drummond and H grave Mines, situated a few chains distant from the famous Crown Reserve and Kerr Lake Mines.

(2) The south half of the north half of Lot. No. 4, in the 11th concession of the Township of Lorrain, Nipissing District, containing eight acres, or two claims, of forty acres each; also free from encumbrance and exempt from royalty.

The forty acres in the rich Crown Reserve, Kerr Lake District, it is believed, on further development, will prove equally as valuable as any of the neighboring properties. The situation is ideal, being near the greatest shippers of the Cobalt Camp. Some of the most promising veins on this property have been discovered and developed under the management of Mr. Ward, superintendent of the Little Nipissing and Michigan Cobalt Mine. Copy of report made by L. H. Mattair, M.E., one of the best-known men in Cobalt, can be seen upon request.

The famous Crown Reserve Mine consists of about twenty-two acres, or about half the size of one claim in this company. This is or of the great wonder mines of the world. It has been under development only about three years, and is paying a quarterly dividend of 15 pe cent., or at the rate of 60 per cent. per annum, on a capital of \$2,000,000.

The Kerr Lake Mine in this locality has just declared a quarterly dividend of 4 per cent., and an additional bonus, making the rate 24 per cent. per annum on \$3,000,000 capital. The latest quotation price on Kerr Lake stock is over \$8.00 per share for shares of the par value of \$5.00, and Crown Reserve \$3.40 for shares of the par value of \$1.00 Stock in the Hangreye Mine is now selling at over 60 cents per share \$5.00, and Crown Reserve \$3.40, for shares of the par value of \$1.00. Stock in the Hargrave Mine is now selling at over 60 cents per share of a capital of \$2,500,000.

These figures show that the Belmont proposition is the most attractive in the Cobalt Camp. The shares should, in a few months, sell at double, or, perhaps, three times the present price, 25 cents per share.

Those who were fortunate enough to get in on the first issue offered in either Kerr Lake or Crown Reserve stock could now sell out a several hundred times the price they had to pay, and in the meantime have received large dividends. This affords another opportunity profit by a low-priced issue in this famous district.

The development and equipment of the properties are provided for by the transfer to trustees of five hundred thousand (500,000) shares of stock for the treasury.

Applications for shares should be accompanied by cheques payable to the order of the Metropolitan Bank, Toronto, who will act as trustees, and certificates for stock will be issued on payment thereof. The vendors reserve the right to withdraw the shares from sale, or to increase the price, or to refuse any application, or to accept appli cations for a less number of shares than applied for, in which case the excess of money will be returned. Any other information will be gladly
