### Among Beauties of Scotland

One of the first thoughts of business men, tourists and travelers when they prepare to take a trip abroad is: where can I stop in London, Glasgow or whatever other city happens to be in mind, and what will the cost of accommodation be?

A person naturally desires to go to some hotel, when he is in a distant city, which will give every comfort, all modern conveniences, pleasant surroundings and the advantages of close relations with important places etc. Scotland being one of the most picturesque places in Europe, it is only natural that the number of persons who visit such spots as Glasgow, Dum-

The St. Enoch hotel in Glasgow, for instance, is one of the most popular and well managed hostels in Scotland. Conveniently situated for both business and pleasure, it affords ready access to the western highlands, Trossachs, and the Firth of Clyde. Many delightful tours can be arranged for anyone who makes St. Enoch station hotel his stopping place.

Another, most suitably located, is the station hotel at Dumfries. It provides the best accommodation. Burns' mausoleum is within easy walking distance, and many spots made interesting by the Scotch poet, also, are accessible. Sweetheart Abbey and the lovely Firth of Solway. #### KING'S FAVORITE HYMN.

"Nearer, My God, to Thee," has been frequently spoken of as King Edward's favorite hymn. His Majesty's private secretary, Lord Knollys, in a communication to Good Words, states authoritatively that, altho the King admires several hymns, he does not think His Majesty has any particular favorite. The Queen also intimates, thru Miss Knollys, that she is very fond of all church music, but there is no particular hymn that can be called her favorite.

### CAUSES OF ECZEMA EXPLAINED

Germs Foster in the Skin, and Blood Cures Are Impossible.

After years of debate, medical authorities are now agreed that Eczema and other skin diseases are not seated in the blood, but are caused by germs in the skin. Myriads of microscopic animals gnaw the flesh just below the epidermis. The patient is perfectly healthy, it is only the skin that is diseased. Hence, scientists are now agreed that you must cure the skin through the skin.

The medicine must be in liquid form, in order to penetrate properly, as salves and ointments clog the pores without reaching the inner skin.

The remedy that will search out and destroy the disease germs, stop the itch and soothe the healthy tissue is that mild, clean compound of oil of wintergreen, thymol, glycerine, etc., known as D.D.D. Prescription.

The instant you wash with this soothing liquid you will find the itch relieved. We positively assure you of this.

**The Widows Wonder.**  
A darky minister in a Southern town was much moved by the grief of a woman whose husband had just been interred.

"My sister," came in solemn tones from the clergyman, "I know dat dis is a great grief dat's overtaken yo'.

All de same, tho, you is compelled to mourn de loss of dis one who was yo' companion an' partner in life. I consies yo' wif de assurance dat dere is anudder who sympathizes wif yo' in de arms-o' unfaillin' love."

The widow looked at him thru her tears. "Who is he?" she finally asked.
