

THE EVENING TIMES, ST. JOHN, N. B., MONDAY, APRIL 3, 1905

# LEGISLATURE.

## A Good Deal of Progress Made on Saturday.

### The Factory Act to Be Further Considered Tomorrow—Act Relating to Schools Agreed to.

Fredericton, April 1.—The house met at 8 o'clock.

Mr. Allan presented the petition of V. Wilson Armstrong, in favor of his auto road bill.

Mr. Robertson, the petition of the city of St. John, for a bill to remove doubts as to the harbour of St. John.

Hon. Mr. Jones introduced a bill to amend the acts incorporating the town of Woodstock.

The house went into committee of the whole on bills, Mr. Osmen in the chair. The bill to amend the act incorporating the Maine and New Brunswick Electrical Power Company, was agreed to as amended.

Hon. Mr. Tweedie objected that a clause for the redemption of the property had been added, which had not been agreed to by the municipalities committee. He thought this should not be done.

The bill to incorporate the Second Advent Christian Conference of New Brunswick, was agreed to.

The bill relating to the city of Moncton, was agreed to as amended by the committee on municipalities.

The bill to authorize the town council of Wilkinton, to provide a system of water works for said town, was agreed to.

The bill to amend the act amending the consolidated statutes respecting rates and taxes in the city and county of St. John, was committed.

Dr. Riddick said that as some members were absent, progress should be reported.

Mr. Hason said he thought it was wrong in principle and unfair that the husband should be assessed for the separate property of his wife.

Hon. Mr. Pugsley said he quite agreed as to the principle, but it was more difficult to enforce payment by a woman than a man. No one would like to imprison a woman for her taxes. Progress was reported.

Mr. Flemming introduced a bill to authorize the municipality of Carleton to pay the grand jurors in the circuit and county courts.

The house went into committee on bills, Mr. Burns in the chair.

The bill relating to the construction and inspection of buildings within certain limits in the city of Fredericton was agreed to as amended.

The bill to amend the act incorporating Oshon Village for water and fire purposes was agreed to.

The bill to authorize exemption from taxation of the Canada Wood-ware Company was agreed to.

The house went into committee on bills, Mr. Allen in the chair.

The factory act was taken up and, as there had been an understanding that it was not to be committed until Tuesday, progress was reported.

Hon. Mr. Pugsley said that quite a number of the provisions of this bill were in the bill that was before the house last year and were agreed to. A number of provisions which were considered objectionable by the owners of factories had been omitted. He thought the present bill would be found fairly satisfactory. The bill

provided for proper sanitary arrangements, the safety of employees, the hours of labor. It also provides that one or more inspectors should be appointed. He thought that one would be sufficient. The fact of the act being on the statute book would have a good effect. The bill was the result of the most careful inquiry and the taking of much evidence on the part of the commissioners. They had carefully guarded it so that it would not interfere with the great industries of the province.

The bill in addition to and in amendment of the school act, was then taken up. Mr. Flemming thought that there might be a provision which would enable them to have more superior schools. He would suggest that the number of persons required for a superior school in taking account of the population of a county, should be reduced from 6,000 to 4,000.

Hon. Mr. Pugsley agreed with the honorable member, that the number of superior schools should be increased and promised that the matter would receive careful consideration during the recess.

The bill provides for scholarships to teachers taking a course of manual training and nature study, and also for the consolidation of school districts to the number of these or more. Large powers are given to the trustees, where they desire to rebuild a school house.

Mr. Hason said there was a number of bills now before the house to give school trustees the power to borrow money. What would be the policy of the government in regard to these bills? Would they be passed, or would these trustees have to do their work over again by making an application to the chief superintendent.

Hon. Mr. Pugsley said the bill would cover almost every possible case.

After some discussion on the subject of trustee boards borrowing money, the bill passed and the house adjourned.

# OBITUARY.

## Frank Scott.

Frank Scott, a former employee of Oak Hall, St. John, died at Montreal Saturday. He left St. John four years ago and has since been cutter for R. J. Inglis, of Montreal.

## Miss Jennie A. Lee.

Miss Jennie A. Lee died yesterday, at the residence of her parents, 26 Leinster street. She had been ill for about nine months, and was 20 years of age.

## Judson Calman.

Judson Calman of Benton, Albert Co., died on Friday last, after a short illness of pneumonia. He was thirty years of age, and leaves a wife and an adopted daughter.

## James Johnston.

James Johnston of Sackville, N. B., died at his home on March 29th. He was one of the oldest and best known citizens of Sackville. He had been in the city for the past three years. When five years of age, he went to Sackville, from St. John.

By thrift and economy the father, Thomas, soon placed himself in comfortable circumstances. In 1849, James Johnston married Miss Amy Cogswell, who survives him. Five sons are carrying on a successful mercantile business in Dufur, Oregon. The five daughters, Mrs. G. F. Briggs, Mrs. G. E. McCintock, Mrs. H. O. Estabrook, Mrs. S. J. Gallagher and Mrs. H. B. Clark, live in Centerville, near the old homestead.

## Miss Annie B. Keenan.

Miss Annie B. Keenan, daughter of Elizabeth and the late Bernard Keenan, died at the Mater Misericordiae Home yesterday of perforating St. Vit's had been a milliner with Manchester, Robertson Allison Ltd., for twenty-one years.

## Mrs. Hannah Keating.

Mrs. Hannah Keating, widow of John Keating, died early at her home at Sydney on Monday, March 27th, after a brief illness. She is survived by four children.

## W. M. Magee.

W. M. Magee, aged 94 years, died at Margerville Saturday night.

## James Edney.

Fredericton, April 3.—(Special)—James Edney, a well known citizen died at the Victoria Hospital this morning, after several weeks' illness from typhoid fever. He was thirty-two years old, and unmarried. The deceased has for some years, been a valued member of the Fire Dept. and enjoyed quite a reputation as a vocalist and comedian.

# Nine Nations

Now Use Liquezone. Won't You Try It—Free?

Millions of people, of nine different nations, are constant users of Liquezone. Some are using it to get well; some to keep well. Some to cure germ diseases; some as a tonic. No medicine was ever so widely employed. These users are everywhere; your neighbors and friends are among them. And half the people you meet—wherever you are—know some-one whom Liquezone has cured.

If you need help, please ask some of these users what Liquezone does. Don't blindly take medicine for what medicine cannot do. Drugs never kill germs. For your own sake, ask about Liquezone; then let us buy you a full-size bottle to try.

## We Paid \$100,000

For the American rights to Liquezone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Liquezone destroys the cause of any germ disease.

Liquezone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor is it a germicide. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the

most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$100,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquezone—like an excess of oxygen—is deadly to vegetable matter.

There lies the great value of Liquezone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

## Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

These are the known germ diseases: Asthma, Anemia, Blood Poison, Catarrhs, Croup, Diphtheria, Eczema, Gonorrhea, Hay Fever, Influenza, Kidney Disease, Leucorrhea, Lymphatic Disease, Measles, Mumps, Rheumatism, Scabies, Scurvy, Syphilis, Tetanus, Typhoid, Whooping Cough, Worms, etc.

# MORNING NEWS IN BRIEF.

## Local.

The monthly meeting of the Holy Name Society, was held last evening in the cathedral. Rev. A. W. Monahan, chaplain, presided. His sermon on Church Ceremonies.

Rev. Mr. Ellis spoke at Union Hall, yesterday afternoon, at the weekly temperance meeting. His address was both interesting and instructive.

Letters of administration of the estate of the late Mrs. Bridget Matthews, were on Saturday granted to her son, John T. Matthews. The estate is valued at \$3,000.

## Provincial.

James Hayes, son of Frank Hayes of St. Mary's York Co., died Saturday morning after a lingering illness from consumption, aged twenty-one years.

There were fourteen deaths recorded in Fredericton during March. One was from typhoid. The rate is above the living for the past three years.

A large carriage factory on King street, Fredericton, belonging to E. A. Morgan & Co., was heavily damaged by fire last night. The flames originated in the paint shop at the rear of the second floor, spread with lightning rapidity. The loss will be in the neighborhood of \$7,000. There is \$10,000 insurance on stock, and \$5,000 on the building.

The Dominion Line Vancouver, from Liverpool, for Portland, called at St. John's, and landed 462 immigrants and proceeded.

## General.

At the annual meeting of Humphrey's Golf Club, at Moncton, on Friday, the following officers were elected for the year: W. F. Humphrey, president; Dr. E. B. Chandler, vice-president; C. G. Moore, secretary-treasurer.

Two fires, causing a damage of upwards of \$100,000, occurred in the downtown business district of Montreal, Saturday night. The five-story warehouse of Joseph Ward & Co., occupied by butter and other foodstuffs, was gutted from cellar to roof and its contents destroyed. Logy-nach and Scriver, Canadian Dairy Co., and Joseph Ward & Co., occupied the warehouse. The occupants who lost everything were: Tourangeau & Co., manufacturers of trusses; L. and A. E. Waters, printers; Royal Dye Works, Rice, Johnston & Co., wholesale photo supplies; Canada Truss Factory; Buntin, Gibbs & Co., wholesale papers dealers; Cohen & Co., manufacturers of trusses; Abbey E. Levescent Salt Co., Canadian headquarters; G. F. Dawson, engraver; Carter's Ink Co.; J. B. Rubincovich Leurier and Hon. W. S. Fielding in the premier's office, at 5 o'clock Saturday afternoon. The delegates

were accompanied by all the members and senators for the island. Mr. Hughes, M. P., introduced the delegates, Sir Wilfrid Laurier promised the delegation to give their representations careful consideration.

## PULP AND PAPER MILLS.

Unless something goes astray, says a Fredericton despatch, New Brunswick will soon have one of the largest pulp and paper concerns doing business within its limits. Geo. D. Bayles, president of the Bayles Pulp and Paper Co., of Binghamton (N. Y.), has secured an option from the weekly temperance meeting. His address was both interesting and instructive.
