Dr. Symonds, rector of Christ church Cathedral, Montreal. His sermon at the evening service was based on I. Thessalonians 4: 20: "Prove all things, hold fast that which is good."

The names of two students attending the St. John law school were unintentionally omitted by the Times yesterday. They were William C. Pugh and B. A. and Wendell B. Farris. The former is a third year student and the latter a second year student. Mr. Pugh is articulated with Pughy, Freeman and Pughy, and Mr. Farris with Barnhill, Ewing and Sanford.

The busiest season of the year having arrived, the Ludlow is out of commission, and will in all probability remain in Rodney hospital until 1907 arrives. On the 23rd slight repairs were necessary, but after they were through with it was decided to put in a new condenser and heater. A new circulating pump is being installed also and minor improvements being made.

A correspondent has written to the Times asking in the face of the Sunday laws, how two cigar stores, and only two, are permitted to remain open on the Sabbath. The act which the Evangelical Alliance were instrumental in getting through parliament, was into effect March 1st, 1907, and then all right to close. In the interim anyone desiring to bring information against the proprietors of stores open on Sunday may do so in the regular way at the police court.

THE NEW Y. M. C. A. BUILDING

In connection with the erection of a new Y. M. C. A. building, L. P. D. Tilley, president of the Y. M. C. A. of St. John, states that there was \$24,788.14 in the savings bank and \$7,000 had been paid for a piece of land, making in all \$31,788.14 actually received in cash from subscribers. The estimated cost of the building is \$30,000.

Mr. Tilley states that a resolution was passed last spring to the effect that it was not advisable to build until the full amount had been subscribed.

Mr. Tilley says that by the first of the new year plans for the building will no doubt have been finally approved of by the boards and if the building operations are to proceed an active campaign will then begin to get the balance of the outstanding subscriptions.

PEDERSON BROS. FILE CLAIM AGAINST CITY

Pederson Bros. appeared before the claims committee last night and through their solicitor, Amon A. Wilson, asked the city for \$10,000. The claimants say that a few months ago their hot house and plants were destroyed and they suffered a loss of \$5,000, with practically very little insurance. They allege that the fire department did not endeavor to come to their aid, despite the fact that they pay a half rate for fire protection. Recorder Skinner was not present at the meeting and no action was taken. Mr. Wilson said that if the claims committee did not accede to their demands an action to recover the amount would be begun.

THE ALLAN LINE

Their Havre Boats Will Come via Halifax to St. John.

The Allan line agents now in this city were asked this morning by a Times reporter in reference to their London and Havre service, and said that St. John would be the terminus of this line this winter, via Halifax. The steamers of this line from Havre via London in the past, would have sailed for the port for the winter but they will come to St. John this winter. The only service that the Allan are giving Portland this winter is the out-of-season line. All others have been transferred to this port.

It was stated in an evening paper last night that the steamship Scandinavia now might sail from Havre since the 18th inst., would not come here, but would stop at Halifax. This is incorrect. The agents say the Scandinavia has a large freight for this city and the west, and that as soon as she lands her Halifax cargo she will dock here.

This line of steamers to France has been in operation for some time, to the port of Montreal in summer and to Portland in winter.

The Allan line steamship Parvix is due to arrive about six o'clock this evening from Liverpool via Halifax. She has on board 275 tons of freight to land here.
