### BIG INTERESTS FIRST.

(From the Regina Leader.)

The Borden government talked a great deal about the boys at the front being left in the lurch while the Commons discussed the conscription measure, but although it had the power of closure in its hands to hasten matters, it did not use it. When, however, it was a question of voting millions to Mackenzie and Mann it promptly applied the "tag" to parliament. As a prominent Regina citizen declared a few weeks ago, money is more important than men's lives in the eyes of the Big Interests Government.

### SHIPPING SITUATION MOST SERIOUS PROBLEM

London, Friday, Sept. 7.—(Delayed by censor)—It is learned here that the Entente governments are agreed that the shipping situation is the most serious problem of all those facing the Entente at the beginning of the fourth winter of the war and every effort will be made during the coming months to impress the people of England and America with the fact that the greatest effort of the whole war will be necessary to solve it.

## The Cleanest Range

The Kootenay has a nicked steel, rust-proof oven that is as easy to wash and keep clean as any cooking utensil. The ash-chute directs all the ashes into the pan, which is roomy and large enough to hold a two days' accumulation. Write for booklet.

## WHEAT CROP OF CANADA FIXED

Ottawa, Sept. 12.—The Canadian board of grain supervisors has fixed the prices of the Canadian wheat crop of 1917 at Fort William and Port Arthur as follows:—

No. 1 Manitoba Northern, \$2.21; No. 2 Northern, \$2.18; No. 3 Northern, \$2.15; No. 1 Alberta red winter, \$2.31; No. 2 red winter, \$2.18; No. 3 red winter, \$2.15.

It is stated that prices for other Canadian grades will be announced as soon as the authorities have more information.

It is understood the Canadian prices are the same as for the three grades of dark spring northern and dark hard winter at Minneapolis and Duluth.

## THIS MORNING IN WALL STREET

New York, Sept. 12.—Liquidation of speculative accounts and professional selling of the motors caused the market to hesitate after an opening with a good showing of strength. The steel, sugar, oil, New Haven, American Telephone and Pittsburgh Coal, were substantially higher, and Southern Railway preferred moved up 1 1/2 on the resumption of dividends. General Motors reached a new low at 87 1/2, a loss of more than two points. International Nickel, Delaware and Hudson, and the gas shares were heavy.

## WHOLE AMERICAN SUGAR INDUSTRY UNDER GOVERNMENT CONTROL ON OCT.

Washington, Sept. 12.—The entire American sugar industry will be placed under government control on October 1. The food administration so announced yesterday. It will be done by the institution of a licensing system to include manufacturers, refiners and imports. The step was decided on with the approval of President Wilson to prevent speculative prices and to assure equitable distribution. Within a short time the food administration will announce a price at which wholesale sugar should be delivered to all the consuming centers.

## WHEAT CUTTING IN SASKATCHEWAN IS COMPLETED

Regina, Sept. 12.—Wheat cutting in the province is practically complete and a large portion of oats is also down, according to information received by the department of agriculture. A good deal of wheat has been threshed, and the average yield is higher than anticipated a few weeks ago.

## RAID MAY PROVE EMBARRASSING TO SOME AMERICANS

Documents Found When German Paper in Philadelphia Was Seized  
New York, Sept. 12.—Special despatches from Philadelphia to some New York morning papers say that evidence seized by the government agents in their raid on the Philadelphia Tagblatt, a German language paper, shows that the paper was part of a national conspiracy against the United States. The Philadelphia correspondent of the New York Sun says that in the correspondence of the paper letters from several prominent Americans, including Senator La Follette, certain congressmen and others who may be seriously embarrassed by the Tagblatt raid, were found. The records seized show that the paper was in constant communication with Germans throughout the country.

## JUDGE SAYS INDIAN WAS ILL-TREATED BY AGENT NIQUET

Montreal, Sept. 12.—Jean Baptiste Nagazo, an Indian, was arrested without a warrant on April 2 last on the Abenaki reserve at St. Francis, and though no complaint was made against him, Henry Niquet, agent of the Indian reserve, in his magisterial capacity, condemned Nagazo to imprisonment for two months for having been found in possession of intoxicating liquor on an Indian reserve on the date in question. This sentence was imposed in the absence of Nagazo, who was afterwards lodged in Richelieu jail, where he remained until June 10, when he was liberated provisionally under a writ of habeas corpus. "Absolutely irregular, unjust and arbitrary," said Mr. Justice Allard in the superior court yesterday, when the case was aired before him. His Lordship upheld Nagazo's appeal against the sentence, ordered the Indians liberated and condemned the agent Niquet to pay the costs of the appeal.

## Second Reading

Hon. Mr. Drouin Doubts If It Is Constitutional

## C. N. R. Matter Discussed

Several Amendments to the Bill Are Offered by the Opposition But Every One of Them is Defeated

Ottawa, Sept. 12.—When the second reading of the soldiers' voting bill was moved in the senate last night Senator Drouin, of Montreal, expressed doubt that the measure was constitutional as it stood. The British North America Act, he said, provided that the province of Quebec was to have sixty-five seats, and that the remainder of Canada was to be divided into constituencies as the population of the various provinces corresponded to the one sixty-fifth unit established by Quebec. The present bill provided that men in the Canadian forces who had never seen Canada should have the vote because they are members of the Canadian parliament, under the authority of the B. N. A. Act had the right to give this power. It might be held, if there was an appeal to the senate, that the claims of laborers, employees and contractors who had been engaged on construction should be accepted by the arbitrator for consideration for election with the valuation of the stock. This amendment was declared lost, and the second clause of the bill was declared carried.

Senator Beaulieu offered an amendment that no part of the \$850,000 set apart for payment should be used for the payment of debts incurred on behalf of any company that was not now included in the C. N. R. system to be acquired by the government. This was declared lost.

To the fourth and last section of the bill Senator Beaulieu moved that the senior judge of the exchequer court of Canada should be one of the arbitrators; that the owners and paid-up stock and securities should appoint another; and that the third should be named by the chief justice of Canada. The amendment was declared lost.

Senator Bostock then moved that the senior judge of the exchequer court of Canada should be the chief arbitrator on the valuation of the stock shares. He said that it was the business of this judge to value railway and other properties.

Sir James Loughheed said this would put the government in the position of naming two of the three arbitrators. He declined to accept the amendment, which was negatived.

The counsel for the accused objected to this confession, as the prisoner was not represented by counsel when it was made. The judge ruled that Tremblay could refuse to subscribe to the confession, whereupon the latter refused to commit himself. He swore he did not know of the explosion till after it occurred.

Altholsthan testified that eleven people were in his home at Cartierville the night of the explosion, including his wife, his daughter, the Hon. Alice Graham and himself. Sixty-four feet of the veranda had been destroyed by the explosion, thirty square feet of the house, a lot of flooring, and two of the walls. He had received three or four threatening letters towards the end of July, and since the explosion he had received more threatening letters.

Detective C. Garand, of the Thiel Detective Agency, related his work in assisting to uncover the dynamite and effecting their arrest. He said a confession was made by Lalumiere after the latter's arrest.

E. Pelissier, K. C., counsel for the government, produced a written confession said to have been made by Lalumiere. The court will decide today whether this will be admitted as evidence or not.

## DUCHESS GETS HER JEWELS

Unknown Finder Rewards Himself With \$560 for Returning \$40,000

Paris, Sept. 11.—The Duchess de Noailles, who recently, while shopping in a Paris department store, lost a handbag containing jewels worth 20,000 francs and 5,000 francs in notes, has received by mail the handbag containing the jewels intact, two 1,000 franc notes, and two 100-franc notes.

The finder had thus rewarded himself with 2,800 francs.

## NEW HERRING MARKET

Canadian Finances of Winnipeg say:—Holland herrings are practically unobtainable and Nova Scotia herrings are becoming very popular with the buying public and fast taking their place. Nova Scotia herrings are expected to arrive about October 1st and wholesalers are quoting \$1.50 per pair for a 20-lb. pair and \$6.50 each for half barrels.
