The Australian Provinces have been brought under searching review. "We should go to work," he says, "with some sort of system to strengthen and develop are searched and develop to the system to strengthen and develop are searched and a half times the size of R-33 is being planned. It will have a fotal weight of 150 tons and will be capable of carrying 100 passengers, mails and postal matter to India. It takes 14 days by the steamship routes from Great Britain to India. The trip will be made comfortably by airship in five days.

Recently one of the Rolls-Royce express airplanes made a flight from press airplanes made a flight from press airplanes made a flight from press airplanes are constant. sciousness is becoming much better recognized of late, and there is a growing call for broad policies which will promote greater unity and co-operation. Sir George thinks Canadian totime, and to improve Imperial relations.

Great Britain is not withholding, and has not attempted to withhold, from the overseas Dominions any liberties which they may wish to enjoy. The British Empire has been developed, so far as not overlook the importance of a reasonable prosperity in making Canada contented and great. The movement to secure closer co-operation between the provinces and to relieve to far as possible the handicaps under to call the material course.

It is true that this is a material age, but while we must not too much exalt the material things we must, nevertice, and the original problem of the overseas Dominions are concerned, without any rigid form of constitution, and for many years, and particularly during the great war, the world has paid many tributes to the strength of the Imperial tie. They are unwise who seek to hurry Empire development of the new industry abroad as well as at home.

A Controversy Settled.

Out in the Air With Baby While the Cake Bakes

The answer to this seeming impossibility is that the mother is enabled to enjoy the air, with baby, while a Gas Range, with oven heat control, bakes the cake at home. The same applies to dinner, to cooking in general. It is merely one of the many wonders of the Gas Range. Nowadays, no home is well equipped unless a Gas Range has been installed.

PIES

Will be the subject of Miss Mason's attention at the COOKING SCHOOL CLASS tomorrow afternoon at 2.30 o'clock

At Gas Range Headquarters

The Cooking School classes, every Tuesday and Thursday afternoon, are being followed by hundreds of Saint John housewives, and the announcement that this department will be a permanent one has been hailed with general satisfaction.

Miss Mason will, also, make personal calls on users of Gas Ranges and will suggest and show how even better results may be attained with a Gas Range at the minimum of cost. Our Home Service Department is always at your service.
