Greer Investigates Deam.

Bayfield, Aug. 7.—Interest in the strange death of Mrs. W. J. Burns, who was found dead in her home July 17 last, with a bruise on one of her temples, and a stocking knotted loosely about her throat, has been revived by the appearance of Provincial Detective Greer.

The detective was sent here at the request of the woman's husband, who desired to set at rest certain rumors. A coroner's jury a few weeks ago found the woman came to her death from causes unknown to it, but it is understood Detective Greer, as the result of his investigations, has decided that death was due to heart failure.

Hustling Baddeck No. 1.

Petawawa Camp, Aug. 7.—The finishing touches were given to Baddeck No. 1 yesterday afternoon, and J. D. McCurdy confidently expects to attempt flights to-day, when much is expected of the new aerodrome.

Casey Baldwin said yesterday that, "it was a refined product of the inventors' art."

As soon as the trials at Petawawa are concluded, Baldwin and McCurdy will visit England with an all Canadian aerodrome, to carry out a program of flights which will be arranged later. That they will surpass Blériot's recent performance over the English Channel is earnestly wished.

Stringent Immigration Bill.

Washington, Aug. 7.—A bill providing for stringent exclusion of immigrants was introduced in the House Thursday by Representative Austin (Tennessee).

It provides that all Asian races, except public officials, merchants, students and travelers, shall be prohibited from coming into the United States, Porto Rico, Hawaii or the Philippines.

It also excludes European adults who cannot read or write, who are not industrious, and who have criminal records, as well as all members of the so-called "Black Hand" or similar organizations.

When you wake up with headache and bad taste in the mouth, something to settle the stomach is needed. That dull heavy feeling must be lifted, and appetite must be created. Get a tumbler of water, some sugar, and then pour in a stiff dose of Nervine. You will feel tip top in a few minutes. Nervine invigorates, braces, tones, puts vim and snap into your movements. You'll be fitted for a hard day's work by taking Nervine—nothing better. Large bottles 25c.

AIDED HER RIVAL.

Romance of a London Society Leader

The jewelers of Bond street could if they liked tell many an amazing story. There is no need to dilate on the fascination which scintillating gems exercise upon the feminine mind. That fascination is a fact and may serve to explain a mortal enmity which existed recently and probably still exists between two well known society leaders.

To one of them a highly placed admirer mentioned his intention to purchase a diamond necklace. Knowing that the lady possessed more than a superficial knowledge of the value of stones, he begged her to select for him what he required. The price he was prepared to give was £1,500. The lady jumped to the conclusion that such a request could have but one meaning—viz, that she herself was to be the eventual recipient of the gift. She thereupon visited the jeweler's shop and inspected his stock, but at the price she was empowered to give saw nothing that particularly took her fancy. A fascinating piece of workmanship, however, did attract her, the price of which was 5,000 guineas. The desire to possess it became irresistible. She arranged with the jeweler to send the necklace to the purchaser and invoice it to him at the agreed upon price, while she gave her own check for the balance. Then she went home and awaited the arrival of the gift. Some days passed, but there was no appearance of the necklace. A horrible doubt which assailed her became certainty a day or two later when she saw the identical necklace she had helped to pay for sparkling on the neck of a younger and more beautiful rival.—Grand Magazine.

THIRTY-FOUR ARRESTED.

U. M. W. Pickets Taken in by Employees of Mines.

Glouce Bay, N.S., Aug. 7.—With the exception that more men are reporting for work there is little change in conditions at the collieries. Another batch of men from Montreal were landed Thursday night and were taken to the mines.

The output on Thursday amounted to 10,468 tons, of which 3,000 tons came from the collieries, the rest being from the banks.

The cases brought by the Dominion Coal Co. against some of its tenants for eviction are still being heard before Judge Finlayson. Yesterday morning the court granted an order for the eviction of Alexander McEachern and Alexander McLeod, both of Preserve mines, and of Frank Baker of New Aberdeen.

Thursday night 34 men were arrested at No. 2 Mine, charged with loitering on the streets. These men were at the time doing picket duty for the U.M.W. The police committee of the Town Council, being all employees of the coal company, appointed 25 of the coal police as special town police. These sallied forth and arrested the pickets.

WOMAN IS DROWNED.
Kingston Boating Party Stand Up to Change Seats.

Kingston, Aug. 7.—By the upsetting of a skiff off Point Frederick yesterday afternoon, Mrs. Charles Steer, Rideau street, was drowned and her husband and Samuel Murray had a narrow escape.

Murray was rowing and was about to change off with Steer. As they stood up in the boat, it upset, and all were thrown into the water.

Steer hung on to his wife until he was so exhausted he had to let her go, and Murray clung to the boat. Harry Stanbridge heard cries, swam out and got them to shore.

Steer was almost dead, but came to after a doctor worked over him. Search was made for the body, but it was not recovered up to a late hour.

Deceased had a family of five children. This is three rescuee Stanbridge has made within two weeks.

New Law Keeps Weed Out of Hands of Youngsters.

THIRTY MILLION DECREASE

Although Consumption Is Still Large, the Act of 1908 Caused a Drop of From Thirty to Fifty Millions in Number of Cigarettes Since Its Enactment—Operated Chiefly on Lads Under 16 Years.

Ottawa, Aug. 7.—There were thirty million less cigarettes smoked in Canada last year than the year before. The decline is held to be entirely among boys of sixteen years of age and under, and to be entirely due to the restrictive legislation put through the session of 1908. It is believed that the law actually prevented the smoking of from forty to fifty million cigarettes by the boys of the country, as the consumption was increasing, and if it had not been for the law there would have been an increase of from ten to twenty millions instead of a decline of thirty millions. This is a fair assumption, as the consumption was increasing more and more each year, and during the six years prior to 1908 the increase amounted to over seventy-five millions.

The total consumption of cigarettes last year was about three hundred and seventy millions. There were three hundred and thirty-six million and three-quarter millions of domestic cigarettes consumed, or a decrease of twenty-eight millions, and there were twelve and three-quarter millions of imported cigarettes smoked, a decrease of about two millions.

The results are more impressive when it is remembered that the law was in force for only eight months of the year. It became effective on July 20, 1908, and the year closed for statistical purposes on March 31, 1909.

Dies on Visit to Daughter.
Montreal, Aug. 7.—George Denmark of Belleville died while on his way to visit his daughter, a nurse in the Royal Victoria Hospital. He collapsed in the street, and a student picked him up and took him to the hospital in a cab. But he died on the way, and the daughter, who was waiting to welcome him, identified the body as that of her father.

C.P.R. Will Fight Viaduct.
Montreal, Aug. 7.—Information from C.P.R. sources indicate that the road will not accept the Toronto viaduct ruling, as was rumored, but will carry the case to the highest court.

No official statement has been issued but there is activity in the legal department and it is practically decided to go on to the end.

Massive Gold Bricks.
Seattle, Wn., Aug. 7.—Gold bricks weighing 2,400 pounds and worth more than half a million dollars were received in the Government assay office yesterday, coming through the mail from Fairbanks, Alaska, via Vancouver, B.C.

Two Boys Drown.
Ottawa, Aug. 7.—(C.A.) Cable.—Two sons of L. Beaudry of Montreal were drowned at St. Eugene. They were at their grandfather's farm, and were on a load of hay crossing Grues Bridge. The wagon toppled over into the creek, with the boys, the hay on top of them. Mr. Cadieux, the grandfather jumped off in time to save himself.

R. L. Borden's Return.
Ottawa, Aug. 7.—R. L. Borden, leader of the Opposition, will sail from England for Canada on Aug. 27. He will come direct to Ottawa and then proceed to Nova Scotia.

Drydock for Longue Pointe.
Montreal, Aug. 7.—C. C. Ballantyne, harbor commissioner, arrived here yesterday after making arrangements with an English shipping firm for building a floating drydock at Longue Pointe.

Suffocated in Well.
Drinkwater, Sask., Aug. 7.—John McWhorter lost his life from suffocation in a well on the farm of T. Nagle, five miles south of here yesterday morning. He was engaged in coupling the cable in the well when the clasp became unhooked and he dropped 40 feet. McWhorter came here from Shelburne.

Bank Manager Shot by Madman.
Logan, Kas., Aug. 7.—Thomas Mullen, president of the state bank, was shot and killed Thursday night by Gus Beaugess, a farmer, who then shot and killed himself. It is believed Beaugess had been mentally unbalanced for some time. He had threatened to kill other persons.

New King.
Vienna, Aug. 7.—Europe next year will have a new king. According to a report Prince Nicholas of Montenegro has decided to assume the title of king on the occasion of the 50th anniversary of his accession, which will occur on August 14, 1910.

Killed in British Columbia.
Belleville, Aug. 7.—News has been received here of the death of Harry Backus, a former Belleville boy, who was killed at Shoal Lake, B.C., by a tree, which he cut down, falling on him. He left here 11 years ago.

Sunday Work Legal.
Quebec, Aug. 7.—In the Appeal Court yesterday Judge Lessard decided that Sunday work in bakeries was legal.

DROUTH IS COSTLY

Fruit Crop Suffers as Result of Dry July Weather.

LITTLE WHEAT DAMAGED

C.N.R. Grain Agent Acheson Thinks a Million Bushels Will Cover the Destruction by Hail in the West—Last Days of July Will Pull Fruit Crop Above the Average of Previous Years.

Ottawa, Aug. 7.—The report of the Department of Agriculture on the fruit crop for July is not so encouraging as was the June report. The drouth of the early part of the month had its effect in reducing the crop materially. However, the latter portion of the month has somewhat revived the hopes of growers and a crop above the average is looked for.

Apples will be a light to medium crop, but the winter varieties promise to be a better quality than usual.

All over the Dominion the pear harvest will be light with the possible exception of Nova Scotia.

Plum, peaches, cherries and grapes will give a medium crop all over Canada, except the plum crop in British Columbia, which is light.

On account of shortage of fruit in European countries, there will be a good market for all the fruit Canada will have to export. The United States will be able to consume all its fruit products, but will likely export some to Europe on account of high prices.

Thinks Damage Is Slight.
Winnipeg, Man., Aug. 7.—Thomas Acheson, general grain agent of the Canadian Pacific Railway Co. states that reports of any damage to the grain owing to the storm will not reach him until late today, but he does not anticipate anything serious.

Since the beginning of the season Mr. Acheson has kept faithful reports of all damage to growing grains and the amount covering the three large provinces of Manitoba, Alberta and Saskatchewan will not reach more than one per cent. of the total expected yield estimating the 1909 wheat crop at 120 million bushels, which is considered low. One per cent. damage is considered very light in comparison with other years.

"Of course," said Mr. Acheson, "the business communities generally will not feel such a slight loss. At specific points where the most damage has been done there will be a slight depression along the business men, but apart from the local points business men may so far rest easy."

Forty-Five Bushels to Acre.
Sterling, Alta., Aug. 7.—Reports of bumper crops in this district continue to arrive at the offices of the Townsite Syndicate. Word was received yesterday from the Waller district, a thousand acre farm, three miles south of here, that wheat cutting will begin on August 8. It is expected that the crop will run forty-five bushels to the acre.

Two new elevators are being erected in Sterling and will be completed in time to assist in handling the big crop.

Chink Murders White Girl.
Frankfort, Aug. 7.—The murder of a white woman by a Chinaman, somewhat similar to the murder of Elsie Sigel in New York last June, occurred in this city yesterday.

Tien Yon, a Chinese merchant, of Berlin, actuated by jealousy, shot Harry Hoffman, a white hall singer, and then turned his revolver on himself.

Both died within a few minutes.

Waitress Jumps Into River.
Brockville, Aug. 7.—Miss Minnie Cassidy, aged 25 years, of Prescott, employed as a waitress at Alcanadia Bay, attempted to drown herself at that place. Graded with a toothache, for which she could get no relief, the young woman went to the Cornwall dock and in full view of scores of people threw herself into the river. She was rescued.

Train Kills Twelve Cattle.
Brantford, Aug. 7.—Thirty head of cattle belonging to a farmer named Simons, wandered through a defective fence on the farm between St. George and Paris, and bunched on the Grand Trunk track for the night. A freight crashed into them, killing 12 outright, and so badly injured four more that they had to be killed.

Suffocated in Well.
Drinkwater, Sask., Aug. 7.—John McWhorter lost his life from suffocation in a well on the farm of T. Nagle, five miles south of here yesterday morning. He was engaged in coupling the cable in the well when the clasp became unhooked and he dropped 40 feet. McWhorter came here from Shelburne.
