Remarkable Remedy

A.I.C. Cures Another

The remedy discovered at far Labrador has given relief to many a sufferer, hundreds testifying of this great remedy. Another gives her testimonial that couldn't eat a half meal.

St. John's, Oct. 12th, 1914.
"I have been troubled with indigestion for a number of years. In fact I have been so bad I couldn't eat half a meal of anything. A friend advised me to try A.I.C., a half-pint bottle cured me. I couldn't believe I could be cured in such a short time. I haven't felt indigestion for this month. I recommend this medicine to all sufferers from indigestion, you are at liberty to use my name, and anyone not believing this statement can write or consult me personally."

First Nfld. Regiment

CALL FOR RECRUITS

Your KING and COUNTRY Need You

WILL YOU ANSWER YOUR COUNTRY'S CALL?

At this very moment the Empire is engaged in the greatest War in his history of the world. In this crisis your Country calls on her young men to rally round her flag and enlist in the ranks of Her Army.

If every patriotic young man answers Her Call, Great Britain and the Empire will emerge stronger and more united than ever.

Newfoundland has already equipped and sent to the front her First Contingent, 540 strong. But we must not stop at this. Further drafts are urgently needed to reinforce our numbers on the battle line, and must be sent forward at the earliest possible moment.

Suitable recruits between the ages of 19 and 36 will be accepted and trained in drill and shooting so as to fit them for military service. They will then be formed into regular companies of the Regiment, and will be given the option of volunteering for service abroad if required, on the same terms and conditions as the men of the First Contingent. Pay will commence when men are actually enrolled for service abroad.

Recruiting Offices will be opened in St. John's, and at the offices of the different Magistrates, and at other suitable places in the Colony, (as to Recruiting, in case of doubt write to the Recruiting Officer, St. John's). Where not less than fifty men offer for enlistment at any recruiting centre, a drill instructor will, if possible, be sent to the District to train them.

Men of The Ancient and Loyal Colony, Show Your Loyalty NOW!
GOD SAVE THE KING

Great Victory

Russians Capture 40,000 Germans

Good News is Confirmed

London, Nov. 26.—Official news received in Russian circles in London to-day declares that the rout of the German and Austrian forces in Poland has been complete.

Petrograd, Nov. 26.—Rports reaching here concerning the magnitude of the defeat of the Germans to the west of Lodz, Russian Poland, which in some instances placed the German losses as high as an entire army corps, appear in full measure to be confirmed by telegraphic despatches from Warsaw.

Forty-eight trains have been despatched from Warsaw bringing in prisoners and wounded.

This number of cars of Russian wide gauge would carry between 45,000 and 50,000 men, it is estimated here.

There is great jubilation in army circles here, officers expressing conviction that the enemy has received a crushing blow which is likely to prove decisive in the campaign in Poland.

Obituary

There passed peacefully away at Shearstown on Saturday, Nov. 21st, Mrs. Mary Sparks, aged 86 years; leaving two sons, Ebenezer Sparks and Isaac Sparks, and two daughters, Mrs. Ellen Sparks and Mrs. John Holmes; four sisters, Mrs. Jonas Earle, Mrs. Charles Carraway, Mrs. Nathaniel French, Mrs. John Parsons, one brother, Mr. Josiah Russell, and 20 grand children; also 11 great-grand-children, besides a large circle of friends to mourn their sad loss. Interment took place at the Methodist Cemetery, Nov. 23rd, Rev. W. Grimes officiating.

NOTICE

We have a number of men registered in our Employment Agency. The list comprises carpenters and general laborers. Some are willing to take hold of anything to earn an honest dollar.

Any person requiring a man to do any kind of ordinary work can obtain him by applying to The Guardian Employment Agency. There are absolutely no charges.

During the past week Missionary Meetings were held in all the Methodist Churches of Bay Roberts Circuit. There will be a fuller report next week.

The installation of Rev. G. H. Field as Canon will take place in the Cathedral of St. John the Baptist, St. John's, on Sunday morning, Nov. 29th.

The cry to day is 'This is the last war.' At the Adventist Church Sunday night at 7 o'clock the subject will be 'The Reign of Peace.' This reign will soon begin. Come and bring your friends. Song services at 6.45.

The following men reached home from Ironbound Islands after losing their ship, the S. M. Lake, by the S. S. Sagona on Wednesday: John Snow of Jonathan, Isaac Russell, Thos. Caravan, Steve Caravan, Edward Kelligrews, Thos. Copley, Wm. Dwyer, and John E. Mercer.

Messrs. W. W. Gosse and Harry Hutchings of Spaniard's Bay, and Mr. W. F. Barrett of Mercer's Cove, Marconi Operators at Venison Islands, Domino and Grady respectively, returned to St. John's from their stations by the Sagona and came home by Monday night's train. Capt. Collins also came from Labrador by the Sagona. His home is at Digby, N. S.

General De Wet, the rebel Boer. He won fame as a cavalry leader in the South African War, but his enmity to Britain at that time was forgiven and he became Minister of Agriculture in the South African Government. Now he has turned traitor.

Letter From Salisbury Plains

The following letter was received recently by Mr. Alex Badcock, Shearstown, from Private Albert Mercer, son of Reuben Mercer, formerly of Barmored Road, Coley's Point:

Salisbury Plains, England, Nov. 3rd, 1914.

Dear old friend Alex,—Just a few lines to say that I am well and have enjoyed my trip. Haven't anything strange to say. Well, I suppose you expected me to write her a word before now, but the most I have done is write.

Well, Alex, I haven't heard when we shall be sent to the front to help give the Germans a treat. We may be sent, sometime after Christmas, to Africa or Egypt. But I don't mind where it is. Haven't time to say any more.

Private Albert Mercer, 1st Nfld. Regiment, 'B' Co.

The Patriotic Fund

The Patriotic Fund, which now amounts to over \$70,000, is for the following objects:

- (1) To provide for any contingencies that may arise to our boys at the front, our sailors in the fleet, or their dependents as a result of the present war;
- (2) To make such provisions as may be necessary so as to ensure that none of the dependents of those who are voluntarily jeopardizing their lives for the safety of Newfoundland and the Empire shall suffer want.

Bay Roberts contribution to that fund so far amounts to about \$150.00. Are we doing our share?

A Heavy Loss

On Thursday night, Nov. 5th, Mr. Simon Sheppard, of Spaniard's Bay, met with a very severe loss by having his house and shop with practically all its contents destroyed by fire, the origin of which is unknown. There was no insurance. There was no one in the house at the time but Mr. Sheppard's aged mother. With great difficulty a shed nearby was saved, as was also the house of Mr. George Collins, which is opposite.

Spaniard's Bay is a community with no fire fighting apparatus, and therefore no provision what ever is made to arrest a fire. Possibly if some big conflagration occurred we may be led to realize the importance of having something ready at hand to fight a fire with.

DeWet Beaten Again

London, Nov. 23.—A despatch from Pretoria says it is officially announced today that General DeWet's rapidly dwindling rebel commands became surrounded by loyal forces in the vicinity of Bishof, on the River Vaal, yesterday. DeWet succeeded in escaping with only twenty five men, the remainder of his force being surrounded.

REID NEWFOUNDLAND Company.

The 'Wonder' Marine Engine

is certainly making a name for itself. Hundreds of Testimonials. Mr. R. Colbourne of Griquet says:—

"The 5 H. P. Engine you sent me is turning out the best that I have seen yet. So far as I can learn she is the swiftest engine on this Shore."

These "Wonderful Engines" are much more compact and lighter in weight than any other of a similar capacity. Valves, Gear Wheels, Cams, Tumbling Rods and Springs are done away with in the construction of the WONDER engine, thus greatly reducing the wearing parts below that of any other make.

It Starts on Gasoline and runs on Kerosene.

FISHERY GEAR.

WE ARE MANUFACTURERS of the GILL NETS, used by Messrs Job, Brothers & Co. in the Straits this year. They have been successful at a time when traps had partially failed. We make them in all sizes to order.

WE ARE MANUFACTURERS of COTTON DRIFT NETS, such as are used in the North Sea Herring Fishery. As the catch of Herring will be interfered with during the war, a good opportunity occurs for use of these Nets in Newfoundland.

WE ARE MANUFACTURERS of the celebrated STANDARD brand of Herring Nets, which is universally acknowledged to be the very best Net on the market. We are now making the canvas for brand Herring Net, which is the best and strongest low-priced Net made. It is mounted just the same as the Standard Net, and it is barked for preservation, not merely dyed like other cheap Nets.

WE ARE MANUFACTURERS of SQUID TRAPS, which are now legal. We make them in any size required, to order.

We manufacture TARRED COTTON LINES, all sizes, for Bankers, use; strong, durable and easily handled.

We make COD TRAPS, COD SEINES, CAPLIN SEINES, etc., to order, in all sizes.

All the above fishery gear we can strongly recommend, and we would urge our fishermen to patronise articles of home manufacture, in order to give employment, which is so much needed this year.
